DESCRIPTION OF WORK:

This Outdoor Energy Usage Permit shall be null and void if construction is not commenced within 120 days of issuance. The Outdoor Energy Usage Permit will expire one (1) year after the date of issuance and all construction must be completed prior to expiration. A plumbing and mechanical permit and architectural approval may also be required at the discretion of the Town.

I hereby certify that I have read and examined the application and that all information is true and correct. All provisions of the currently adopted International Plumbing Code and the Town's Energy Conservation Code will be complied with whether specified herein or not. The granting of the permit does not presume to give authority to violate or cancel provisions of any State or local law regulating construction or the performance of construction.

Further, I understand that the violation of any of the provisions previously set forth shall be deemed a misdemeanor and upon conviction of any such violation shall be punishable by a fine of not more than \$1000 per day or imprisonment for not more than 90 days, or, by such fine and imprisonment for each and every day that violation is committed, continued or permitted.
