

# Parking Solutions

## Parking Structure at 4-way

- Construction Cost Estimate \$6,000,000- \$7,000,000
- To minimize cost structure would be 4 stories
- Up to 300 spaces could be provided
- Approximately \$22,000 per space
- Where would the Grump get burned?

## Expansion and Paving of 4-way Lot

- Construction Cost Estimate \$180,000
- Expansion and paving would create 140 spaces
- Special pavers or concrete could be installed to allow Grump to continued to be burned
