

Dear Residents/Visitors,

Winter Parking Regulations are now in effect. Due to the increasing number of cars parking in Town and the decreasing amount of places to store snow, there will no longer be any parking exceptions granted on Town right-of-way. (The right-of-way starts at the curb and extends sixteen feet beyond the roadway.) This area is critical for the Town to maintain for parking as well as snow storage. Even though you may be parked in your driveway, the first 16 feet of the driveway is on the Town right-of-way. Throughout the winter, you will need to ensure that your off street parking is plowed as far into the property as possible so that your vehicle does not slowly creep into the right-of-way.

Enforcement hours for parking run from **1:00 AM** through **10:00 AM**. Therefore, park on the appropriate side of the road at night so you will be legal at **1:00 AM**.

PARK TONIGHT FOR TOMORROW. Everyday the parking alternates from one side of the road to the other with the exception of Sunday night/Monday morning.

Parking in alleys, whether plowed or not, is not allowed. No parking is allowed on the north side of Elk Avenue between 2nd and 4th Street. Parking is not allowed between the hours of 2:30 a.m. and 8:00 a.m. on Elk Avenue between 1st and 6th Street, on 3rd Street between the Elk Avenue alleys, or in any of the Town parking lots.

CARS ILLEGALLY PARKED WILL BE TICKETED AND TOWED AT THE OWNER'S EXPENSE. Winter parking fines and towing fees could be as much as \$110. Please contact the Marshal's office at 349-5231 if you need any further explanation or if you have any questions.
