- *Fiscally Responsible*
- *Historic Core*

## **AGENDA**

### **Town of Crested Butte**

### **Regular Town Council Meeting**

### **Monday, April 6, 2015**

**Council Chambers, Crested Butte Town Hall**

#### **6:00 WORK SESSION**

- 1) Budget Policy Discussion.
- 2) Parks Funding Sales Tax Initiative Discussion.

#### **7:00 REGULAR COUNCIL MEETING CALLED TO ORDER BY MAYOR OR MAYOR PRO-TEM**

#### **7:02 APPROVAL OF AGENDA**

#### **7:04 CONSENT AGENDA**

- 1) Approval of March 16, 2015 Regular Town Council Meeting Minutes.
- 2) Approval of the Extension of Lower Loop Trail on Utley Property Requested by Crested Butte Land Trust.
- 3) Approval of Special Event Application for Paragon People's Fair on September 5 and 6, 2015 on Elk Avenue between 2<sup>nd</sup> Street and 4<sup>th</sup> Street.
- 4) Approval of Special Event Application and Special Event Liquor Permit for Big Mountain Enduro in Town Park from July 29 through August 3, 2015.
- 5) Approval of Special Event Application and Special Event Liquor Permit for Ride the Rockies on Elk Avenue from 4<sup>th</sup> Street to 2<sup>nd</sup> Street on June 17, 2015.
- 6) Approval of Special Event Application and Special Event Liquor Permit for Crested Butte Bike Week Including the Chainless Bike Race on June 26, Affecting the 0 and 100 Blocks of Elk Avenue and the Fat Tire 40 on June 27, Affecting Town Park and 7<sup>th</sup> Street.
- 7) Approval of Amended Declaration of Termination of Condominium Regime (Lost Miner Condominiums).
- 8) Authorize Town Manager to Sign MOA with the US Forest Service for Participating Agency Status in the US Energy Hydrology NEPA.

#### **7:06 PUBLIC COMMENT**

*Citizens may make comments on item not scheduled on the agenda. Those commenting should state their name and physical address for the record. Comments may be limited to five minutes.*

#### **7:10 STAFF UPDATES**

#### **7:30 NEW BUSINESS**

- 1) Follow Up Discussion on Center for the Arts' Site Plan Related to Town Park Amenities.

**9:15** 2) Resolution No. 4, Series 2015 – Discussion and Possible Decision Regarding Resolutions of the Crested Butte Town Council Expressing Support for the Use of Public Property for the Purpose of Expanding the Center for the Arts' Facilities.

**9:20** 3) Update and Follow Up Discussion on Big Mine Master Plan.

**9:45** 4) Resolution No. 5, Series 2015 – Resolutions of the Crested Butte Town Council Authorizing the Grant of a Revocable License Agreement to Marcy Trent Long and Frederick Johnson Long to Encroach into the First Street Public Right of Way and Alley Adjacent to the South 1/2 of Lots 14, 15 and 16, Block 20, Town of Crested Butte.

#### **10:00 LEGAL MATTERS**

#### **10:05 COUNCIL REPORTS AND COMMITTEE UPDATES**

#### **10:15 OTHER BUSINESS TO COME BEFORE THE COUNCIL**

#### **10:25 DISCUSSION OF SCHEDULING FUTURE WORK SESSION TOPICS AND COUNCIL MEETING SCHEDULE**

- Monday, April 20, 2015 – 6:00PM Work Session – 7:00PM Regular Council
- Monday, May 4, 2015 – 6:00PM Work Session – 7:00PM Regular Council
- Monday, May 18, 2015 – 6:00PM Work Session – 7:00PM Regular Council

#### **10:30 EXECUTIVE SESSION**

To discuss the purchase, acquisition, lease, transfer, or sale of real, personal or other property interest under C.R.S. 24-6-402(4)(a).

#### **11:15 ADJOURNMENT**

## Staff Report

March 30, 2015

**To:** Mayor and Town Council  
**Thru:** Todd Crossett, Town Manager  
**From:** Lois Rozman, Finance Director  
**Subject: Fund Balance Policy Discussion**

---

**Summary:** Following the 2015 Budget public hearing in December, 2014, Council requested a discussion about the Town's fund balance policies. Attached is the Town of Crested Butte Financial Plan & Policies for review for this discussion.

Policy points that are pertinent to this discussion are:

### 1) FUND BALANCE POLICIES:

A fund balance is an accounting term used to describe the difference between the governmental fund's assets and liabilities. An unreserved fund balance is that portion of the fund balance which is available for appropriation at the Town Council's discretion. Due to the economic fluctuations of the Town's main sources of revenue, it is prudent to keep a healthy fund balance available to meet ongoing Town needs. The unreserved fund balances shall be kept at a minimum of the following:

- General Fund: 50% of annual budgeted expenditures
- General Capital Fund: 100% of the annual amount of "ongoing" expenditures plus \$500,00 for extraordinary event(s). Ongoing expenditures are those expenditures that must happen each year to maintain the capital assets of the Town including, but not limited to: park maintenance wages & benefits, insurance, audit, property maintenance costs and supplies, and use tax returns.
- General Capital – Building/Property Maintenance: Each year the unspent portion of the budgeted building/property maintenance line item shall be added to a separately designated fund balance for Building/Property Maintenance. A minimum annual addition of \$20,000 shall be added each year until a balance of \$200,000 is reached.
- General Capital - Open Space Fund: Shall build a Stewardship fund of at least \$200,000 for conservation easement monitoring and enforcement and a Maintenance fund of \$50,000 for maintenance of Town owned open lands.
- Water and Sewer Fund (non-GAAP basis): 35% of annual budgeted expenditures. A minimum of \$26,000 will be designated annually for filter replacement fund.
- Street & Alley Fund: A minimum of \$100,000. It is the intention to pay for projects without debt as much as possible therefore the fund balance will build significantly prior to the project and will drop dramatically once the project is finished. A separate balance of \$100,000 will be held as a contingency fund for snow removal expenditures. Each year the

Street & Alley budget will include estimated snow removal expenditures based on a typical snow year, this balance is available for expenses that go beyond a typical year.

- Conservation Trust Fund: \$5,000
- Affordable Housing Fund: \$25,000

## 2) **REVENUE AND EXPENDITURE POLICIES:**

The operating budgets will be based on the principle of financing current expenditures with current revenues.

The most fundamental determinant in preparing budgets each year is the availability of resources. In order to meet the ever increasing demands for services, adequate resources are required. The process of estimating revenues each year is an integral part of determining the ability of the Town to meet its goals and objectives. Revenues shall be budgeted conservatively using the best analytical and practical data available. Most revenues are forecast using past performance and trends. The main sources of revenue for the Town are sales tax and real estate transfer tax. These are volatile sources of revenue and caution must be exercised in the preparation of the estimates. Due to the economically sensitive nature of these revenues, conservatism is exercised in preparing the revenue estimates. The Town will strive to diversify the revenue base to minimize the effects of economic fluctuations.

Expenses for operations shall be paid out of current year revenues, which are reasonably expected to continue in following years. The appropriation of reserve fund balances shall be used for one-time non re-occurring expenditures or for emergency expenses. Operating expenditures will not be directly supported by debt. All appropriations will lapse at the end of each fiscal year. Rollovers shall be limited to grants and unfinished capital projects. Amounts needed to finish the project must be requested in the next fiscal year budget.

### **Discussion:**

The above two policies are the basis under which the Town has operated over many years. The fund balances have built up over time as staff has been conscientious to not spend every dime taken in “just because”. Having fund balances available, enables the Town to capitalize on opportunities that come up. A couple of good examples in recent years are the Big Mine Ice Arena and the Historic Train Depot Renovations projects. Fund balance was used to leverage grant monies and fund raising for these projects. Additionally, fund balance was used to get the Town through the economic decline in 2008 – 2010 without having to cut services to the citizens.

Finding the correct balance between spending and fund balances is a struggle. It’s the fiscal responsibility the Town owes to its citizens. Spending down fund balances for on-going operations may be the easy thing to do, but would not be the right thing to do for the long run. If the Town adopted a spend down philosophy, it could not even begin to think about the many projects on the “wish list”.

Another item to consider when pondering the fund balance levels, is natural disasters. One only has to look to the front-range communities which have encountered the fires and floods of the past couple of years and the amount of out of pocket expenditures they have incurred. The amounts are extraordinary—a level from which they will not recover from for many years.

Staff recommends Council continues to follow the current financial policy.

**TOWN OF CRESTED BUTTE  
FINANCIAL PLAN & POLICIES**

The purpose of this policy is to present the guidelines the Town of Crested Butte (“Town”) follows in managing its financial and budgetary affairs. These are general statements of policies which represent longstanding principles, traditions and practices that have guided the Town to maintain its financial stability.

**ACCOUNTING AND FINANCIAL PRACTICE POLICIES:**

The Town will maintain an accounting and financial reporting system that allows reporting in conformance with Generally Accepted Accounting Principles and State of Colorado law.

The Town will have an annual audit conducted by an independent auditor.

**OPERATING BUDGET POLICIES:**

**Basis of Budget:**

The basis of the budget refers to when revenues and expenditures are recognized in the Town’s accounts. The budget is prepared using the modified accrual basis for all funds except proprietary funds. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available. Expenditures are recognized generally when the related liability is incurred. Enterprise funds are accounted for using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when incurred.

**Budget Form:**

The annual budget of the Town shall contain the following information:

- Summary by fund
- General fund revenues and other sources chart
- General fund expenditures chart
- Line item request budget by department and fund
- Information on significant increases or decreases from year before
- Organizational chart
- Increases or decreases in salary and benefits
- Summary of Town debt and capital leases

**Budget Calendar:**

Setting of Council Goals & Objectives	July
Budget requests due to Town Manager	August
Capital Program Work sessions	September/October
Operating Budget Work session	October
Public hearing & adoption of mill levy and budget	November

**Budget Process:**

Town Manager, Finance Director and Department Heads shall prepare a draft budget around the Council’s Goals and Objectives. The Town Manager shall present a full budget to the Town Council before October 31<sup>st</sup>. A public hearing on the budget shall be scheduled at least 15 days prior to the final day established by law for the certification of the ensuing year’s tax levy to the county. Town Council has the final responsibility for adopting the budget and related mill levy.

**Budget Reporting and Control:**

**Reporting:**

The Finance Director will be responsible for maintaining a budgetary reporting system to ensure adherence to the adopted budget. Monthly detail reports showing the year to date actual revenues and expenditures to budget shall be provided to the Town Manager and Department Heads. On a quarterly basis, the Finance Director shall prepare summary reports that compare actual revenues and expenses to the budget and shall include a summary by department for Council. Line item budget reports will be available upon request.

**Control:**

Budget control is maintained at the department level. The Town Manager has the authority to approve appropriation transfers between programs and departments. In no case may total expenditures of a particular fund exceed the adopted budget without a budget amendment approved by the Town Council.

Department Heads are given maximum authority to manage their areas of responsibility. Departments are given broad authority to control their budgets and to make changes indicated to meet program objectives and performance goals.

- Funds may be transferred between non-wage related accounts by the Department Head with notification to the Finance Director.
- Transfers to or from wage related accounts require approval of the Town Manager and Finance Director.
- Transfers between departments within the same fund require approval of the Town Manager and Finance Director.

**Budget Amendments:**

Additional appropriations during the year must be approved by the Town Council. All requests of additional appropriations shall include

- Full explanation of the project
- Source(s) of monies to pay for the project
- Ongoing budget implications

**Balanced Budget Requirement:**

The Town shall annually adopt a balanced budget where revenues and beginning fund balance are equal to, or exceed expenditures for all funds per Colorado Revised Statutes 29-1-103(2).

## **REVENUE AND EXPENDITURE POLICIES:**

The operating budgets will be based on the principle of financing current expenditures with current revenues.

The most fundamental determinant in preparing budgets each year is the availability of resources. In order to meet the ever increasing demands for services, adequate resources are required. The process of estimating revenues each year is an integral part of determining the ability of the Town to meet its goals and objectives. Revenues shall be budgeted conservatively using the best analytical and practical data available. Most revenues are forecast using past performance and trends. The main sources of revenue for the Town are sales tax and real estate transfer tax. These are volatile sources of revenue and caution must be exercised in the preparation of the estimates. Due to the economically sensitive nature of these revenues, conservatism is exercised in preparing the revenue estimates. The Town will strive to diversify the revenue base to minimize the effects of economic fluctuations.

### Allocation of Sales Tax:

The amount of sales tax allocated to the Transportation Fund annually will be 25% of which 95% of the 25% goes to the Mountain Express. The amount of sales tax allocated to the General Fund shall be determined annually at budget time up to the maximum amount of 75%. The amount not needed in the General Fund shall be allocated to the General Capital Fund. Interest earned on the sales tax fund shall remain in the Sales Tax Fund and will be used to comply with the Emergency Reserves requirements of Amendment 1 (TABOR amendment). The remaining balance of sales tax interest may be designated for any purpose at the Council's discretion.

### User Fees:

User fees are imposed for services that benefit a specific segment of Town. User fees will be set to recover the direct operating expense for the program or service. The Town Manager shall annually review charges and fees. Department Heads are authorized to increase fees so long as they do not increase over three percent (3%) yearly or more than a maximum of ten percent (10%) over five (5) years. Only Town Council shall approve any increase in fees of over three percent (3%). Water and Sewer service rates shall be approved only by ordinance of the Town Council. Any proposed new user fee shall be approved by the Town Council.

### Development Review Fees:

Fees for review of proposed developments and annexations shall be charged to the developer. The fee charged will include the cost of staff time, legal time and fees for outside consultants the Town may need to engage. A Reimbursement Agreement will be executed for each proposed development.

### Impact Fees:

Impact fees are designed under the strict regulations of the State of Colorado. They will be reviewed every 5 years or as changing economic conditions warrant.

Specific Ownership Tax shall be budgeted in the General Fund.

Highway Users Tax shall be budgeted in the Street and Alley Fund to offset some of the cost of Street maintenance including snow removal.

Real Estate Transfer Tax shall be budgeted in the General Capital Fund. Separate accounts will be maintained for the division between 1 ½% for capital and 1 ½ % for open space.

Interest Revenue shall be budgeted in each fund.

Expenses for operations shall be paid out of current year revenues, which are reasonably expected to continue in following years. The appropriation of reserve fund balances shall be used for one-time non re-occurring expenditures or for emergency expenses.

Operating expenditures will not be directly supported by debt. All appropriations will lapse at the end of each fiscal year. Rollovers shall be limited to grants and unfinished capital projects. Amounts needed to finish the project must be requested in the next fiscal year budget.

Non-essential and/or non-operational expenses will be handled through Community grants, service contracts and intergovernmental agreements. Each such service will be reviewed on an annual basis. It is the Town's desire to keep the service agreements to a life time of no more than five (5) years. The Town will look to privatize as many of these types of services as possible.

Community Grants from the General Fund shall be set at no more than 2.5% of general fund revenue. This amount shall come from fund balance. Grants shall be made only to Internal Revenue Service code 501 entities or other governmental entities. Grant recipients will be required to sign a contract for services and provide substantiation of use of the grant monies. Council will appoint a committee to make recommendations on the grant applications received for the upcoming budget year. Council may, at its discretion, decide to suspend the Community Grants program in full or in part during certain circumstances. Examples of such circumstances would be times of economic downturn or when the General Fund balance is at or below its minimum level.

Council Discretionary budget line item is for use at the Council's discretion. Its intent is for intergovernmental agreements and economic development projects and opportunities that come before the Council that do not fall into the Community Grant category. This is a way for the Council to take advantage of opportunities that come up after the budget has been adopted.

Administration fees shall be charged to Water and Sewer Fund.

## **FUND BALANCE POLICIES:**

A fund balance is an accounting term used to describe the difference between the governmental fund's assets and liabilities. An unreserved fund balance is that portion of the fund balance which is available for appropriation at the Town Council's discretion. Due to the economic fluctuations of the Town's main sources of revenue, it is prudent to keep a healthy fund balance available to meet ongoing Town needs. The unreserved fund balances shall be kept at a minimum of the following:

- General Fund: 50% of annual budgeted expenditures
- General Capital Fund: 100% of the annual amount of "ongoing" expenditures plus \$500,000 for extraordinary events(s). Ongoing expenditures are those expenditures that must happen each year to maintain the capital assets of the Town including, but not limited to: park maintenance wages & benefits, insurance, audit, property maintenance costs and supplies, and use tax returns.
- General Capital – Building/Property Maintenance: Each year the unspent portion of the budgeted building/property maintenance line item shall be added to a separately designated fund balance for Building/Property Maintenance. A minimum annual addition of \$20,000 shall be added each year until a balance of \$200,000 is reached.
- General Capital - Open Space Fund: Shall build a Stewardship fund of at least \$200,000 for conservation easement monitoring and enforcement and a Maintenance fund of \$50,000 for maintenance of Town owned open lands.
- Water and Sewer Fund (non-GAAP basis): 35% of annual budgeted expenditures. A minimum of \$26,000 will be designated annually for filter replacement fund.
- Street & Alley Fund: A minimum of \$100,000. It is the intention to pay for projects without debt as much as possible therefore the fund balance will build significantly prior to the project and will drop dramatically once the project is finished. A separate balance of \$100,000 will be held as a contingency fund for snow removal expenditures. Each year the Street & Alley budget will include estimated snow removal expenditures based on a typical snow year, this balance is available for expenses that go beyond a typical year.
- Conservation Trust Fund: \$5,000
- Affordable Housing Fund: \$25,000

Unreserved fund balances exceeding the minimum levels set above are available for appropriation.

## **CAPITAL IMPROVEMENT POLICIES:**

The Town will develop and maintain a Capital Improvement Plan to control capital projects over a 5 year planning period coordinated with the operating budget. The plan will reflect a consensus of the perceived needs and desires of the community and reflect the goals and objectives of the Town Council. The plan will be designed to protect the Town's investment in capital and operating assets through timely and adequate maintenance and replacement of those assets.

General Capital Fund:

Capital improvements or projects budgeted in the General Capital Fund must have an estimated life of at least five years.

- Equipment must be valued at over \$5,000 to be classified as a capital asset
- All land, land improvements and buildings are considered a capital asset
- The threshold for infrastructure assets shall be \$25,000
- Equipment over \$500 shall be tracked in an inventory system.

Capital program requests shall include the following:

- An estimation of the entire cost of constructing/acquiring the asset
- Sources of funding for the project including grants, leases, debt, sale/trade-in of equipment, etc.
- A prioritization of such improvements if funds available or anticipated are not sufficient to fund all proposed improvements
- A discussion of processes and risks involved in approvals, financing, design and construction of the improvements
- A fiscal analysis that includes the estimated annual cost of operating and maintaining the facilities to be constructed and the proposed revenue sources available to cover that cost of operating and maintaining a new facility that is being requested.

Water and Sewer Fund:

The Water and Sewer fund will maintain a 10 year operating and capital program plan, updated annually during the budget process.

Street and Alley Fund:

The Street and Alley fund will maintain a 15 year operating and capital program plan, updated annually during the budget process.

**DEBT MANAGEMENT POLICIES:**

It is the policy of the Town to use debt on as limited basis as possible. Debt will be issued to finance long-lived capital assets. Debt will not be used to pay for operations. Debt management will provide for the protection of bond ratings, the maintenance of adequate debt service reserves, compliance with debt instrument provisions and appropriate disclosures to investors, underwriters and rating agencies.

Rather than issuing debt, capital leases may be issued for assets with useful lives of at least 5 years. Capital leases may be issued for up to 30 years.

Short term notes may be issued by authorization of the Council. The note must be paid in full by the end of the fiscal year in which the note was issued.

General obligation debt and/or revenue securities may only be issued with voter approval. The total amount of general obligation debt that may be issued is 10% of the assessed valuation of taxable property within the Town.

**INVESTMENT POLICIES:**

Investments of the Town will be made and collateralized in accordance with State of Colorado law. Investment management will strive to maximize investment return on the Town's funds through pooling of funds where permitted, cash forecasting procedures and competitive bidding.

**MINUTES**  
**Town of Crested Butte**  
**Regular Town Council Meeting**  
**Monday, March 16, 2015**  
**Council Chambers, Crested Butte Town Hall**

Mayor Huckstep called the meeting to order at 8:05PM.

Council Members Present: Jim Schmidt, Glenn Michel, Shaun Matusewicz, Chris Ladoulis, and Skip Berkshire

Staff Present: Town Manager Todd Crossett and Building and Zoning Director Bob Gillie

Town Planner Michael Yerman, Town Clerk Lynelle Stanford, Public Works Director Rodney Due, Parks and Recreation Director Janna Hansen, Chief Marshal Tom Martin, and Assistant Chief Marshal Mike Reily (for part of the meeting)

**APPROVAL OF THE AGENDA**

Schmidt moved and Michel seconded a motion to approve the agenda. A roll call vote was taken with all voting, "Yes." **Motion passed unanimously.**

**CONSENT AGENDA**

- 1) **Approval of March 3, 2015 Regular Town Council Meeting Minutes.**
- 2) **Approval of Special Event Application and Special Event Liquor Permit Submitted by the Crested Butte Music Festival for From Russia with Love from July 11-13, 2015 at the Big Mine Ice Arena.**
- 3) **Approval of Special Event Application and Special Event Liquor Permit Submitted by the Crested Butte Music Festival for The Celebration Gala from July 17-19, 2015 at the Big Mine Ice Arena.**

Schmidt moved and Ladoulis seconded a motion to approve the Consent Agenda. A roll call vote was taken with all voting, "Yes." **Motion passed unanimously.**

**PUBLIC COMMENT**

None

**STAFF UPDATES**

Tom Martin

- During Big Air, the Marshals dealt with open containers, underage consumption, and people on rooftops. He said it was primarily what they expected.
- It has been a busy winter, and it will be a busy summer.

#### Rodney Due

- There were some issues to work through concerning Big Air, and there would be a debrief meeting concerning the event.
- There are two projects out to bid: rec path extension (asking for concrete and pavement bids) and streets resurfacing.

#### Lynelle Stanford

- Mentioned there was a Ride the Rockies/Bike Week meeting last week.
- The Flauschink Parade would be administratively approved. It will be held on April 4.
- There will be a meeting this week regarding the 4<sup>th</sup> of July and One World.
- Received special event applications for Alpenglow and People's Fair.
- Community Clean Up Day will be on May 16.

#### Janna Hansen

- Stated there would be a community work session on the Big Mine Master Plan March 30 from 4PM to 6PM.
- The rink is closed.
- Has been busy with the hiring process of a Rec Coordinator and for seasonal summer positions.
- Both grant committees have recommended the McCormick Ditch grant move forward.

#### Michael Yerman

- Mentioned the upcoming Creative District meeting on March 26 at the Center for the Arts.
- Reported there would be trail crews to work on the Baxter Gulch Trail for four weeks this summer.
- Stated that since the article on Blocks 79 and 80 appeared in the *CB News*, he had received approximately twenty emails from people asking when they could buy houses. He said they would be working hard to get in the infrastructure.
- Schmidt questioned what the timeline would be on Anthracite Place, such as when they planned on completing and taking applications. Gillie answered it would not be done until next May or June. Gillie confirmed Gunnison County Housing Authority would manage the rentals.

#### Todd Crossett

- A lot of things went well with Big Air, and no one got hurt. The main message was taking a hard look at the event and having a thorough debrief.
- Was contacted by Burton with a request to do a photo shoot in Town.

- Will be interviewing candidates for the facility (building maintenance) position next week. They hope to have the position filled quickly.
- Mentioned that Rozman was busy with the audit this week.
- Staff will be finalizing the work plan this week.
- Related to the Council's priorities, the April 6 work session would be on the parks funding issue and sales tax. Also, he had been working with Melanie Rees on the VRBO research project that was started for CAST. There would be a significant discussion of what it looked like to set up guidelines for Blocks 79 and 80, including what markets to target and how to do it. Reminded the Council they looked at the Vail Model for special events. They needed to get sales tax underway and then they could consider a work session for special event policies and procedures.
- Spoke to a number of people around Town, all of whom reported being consistently busy, with higher numbers of people.

## **PUBLIC HEARING**

### **1) Ordinance No. 1, Series 2015 – An Ordinance of the Crested Butte Town Council Amending Chapter 18, Article 9 of the Crested Butte Municipal Code to Allow for the Use of Enterprise Green Certification in Lieu of Leadership in Energy and Environmental Design (LEED) Certification for Buildings Over 20,000 Square Feet.**

Huckstep confirmed proper public notice had been given and that there were no changes from the time the staff report was written. No members from the public were present for the hearing, and there were no questions for staff. The public hearing was closed, and there was no further Council discussion.

Schmidt moved and Michel seconded a motion to adopt Ordinance No. 1, Series 2015. A roll call vote was taken with all voting, "Yes." **Motion passed unanimously.**

## **NEW BUSINESS**

### **1) Council Discussion and Feedback on Potential Marshal Patrol Car Design.**

Schmidt said he was critical of the previously proposed design, and he felt the currently proposed design was fine. Huckstep asked if anyone on the Council thought otherwise. Berkshire wondered why they proposed to change the design to black rather than keeping the color blue. Reily said because black was always black. Crossett commended the Marshals for being sensitive to the culture of Town. Huckstep summarized and said the Council gave their "thumbs up" on the design.

### **2) Mundus Bishop Center for the Arts Site Plan Recommendation Presentation.**

Crossett introduced Tina Bishop, Principal at Mundus Bishop, the lead for the Big Mine Master Plan process, and the process to decide where to best locate the Center for the Arts within Town Park. Bishop confirmed she was asked to take a look at how the

current park functions and how to find the best site for the Center for the Arts. She stated that Town Park boasted wonderful green space and had a great relationship between the mountains and towns. She felt there was a great opportunity to create an iconic building and to also retain the park character and recreational uses. She recognized how important it was to have lawn spaces, and that there were also limits on park spaces for active recreation. Bishop acknowledged there were great relationships between civic buildings and parks. She outlined the features of the current site. She thought it was interesting how the Center for the Arts was hunkered low in the park. Bishop said they were maintaining recreational programming to every extent possible knowing they were adding a building. She said they were asked to analyze how the park functioned, and it worked well because uses were not jammed up against each other.

There was a relationship diagram included in the presentation that was meant to give an idea of the importance of relationships in park design. For example, Alpenglöckl required a direct relationship with the stage, and play elements needed to stay near each other. Also, it was nice to have court sports together. Bishop said that having green space was also really important. She clarified the building wouldn't fill up the footprint. In addition, there were a lot of outdoor uses associated with the footprint, and there was a strong relationship between park use and entrances to buildings. She said with the new building, they would maintain all of the park uses, except for softball. Softball would be moved to Rainbow Park. Town would gain a large men's side field. In addition, Town would get an adult sized soccer field. Bishop said they created a building zone that was north of the current footprint. Michel wondered how many square feet the building would be in relation to the footprint. Bishop answered that the building zone was about 60,000 square feet and about ½ was for the footprint. There would still be a great route from east and west, and there would be a great gathering space for Alpenglöckl. They would retain a number of soccer fields, sport courts, and green space, all of which could share a pavilion.

Currently, there are 23 parking spaces at the Center for the Arts and Town Park. There could be an opportunity to create head-in parking on 7<sup>th</sup> Street, and they could potentially have 73 spaces. Overflow parking would still remain at the school. Ladoulis wondered if the location of parking was designed to get a number of spots, or if there was consideration of how traffic flowed. He didn't think anyone would park on the east side. Matuszewicz added that the area around Whiterock and 7<sup>th</sup> Street was completely filled for Alpenglöckl. Bishop said a key point was to maintain as much green space as possible in the park core. The parking was more for day-to-day use for the Center. Event parking was off site and not within the core. Yerman added that they were making sure they could use the 4 Way for parking as well.

Schmidt cited past opposition to moving Pitsker Field. He said that he did not have a problem, except the soccer field (at Rainbow Park) had a considerable crown. Bishop agreed they would have to modify and grading would be likely. Schmidt felt it would require considerable money to re-grade and replant. Huckstep asked if there would be a loss of use. Hansen said it would be a shift of usages, and they would gain field space. Berkshire wondered if there would be fencing (required for the softball field). Bishop

answered, “Yes.” Berkshire expressed concern that an issue such as this one had to be vetted publically.

Berkshire asked if they could move the daycare center. He said people would like it to be near the school. Yerman mentioned the idea of an early childhood education site, related to a deal in which the annexors would get credit for space created for early childhood education. Yerman continued on to explain that the hardest facility to plan for was a baseball field. Crossett wondered how important it was to have a full sized field. Schmidt asked why the proposed baseball field in Rainbow Park wasn't oriented straight. Bishop said the proposed design gave the longest distance on each leg. Huckstep asked what would happen to the rec path that currently runs by Stepping Stones. Bishop said it would remain, but it would veer off to the side. Hansen said they might as well do it right and look at Town Park holistically. She said amenities needed improvements on multiple fronts, and Town could have a flagship park of which to be proud. Huckstep wanted to know more about the left and right field lines on the proposed baseball field at Rainbow Park. Hansen said they would need to do a netting study, and it would need significant netting. Ladoulis stated that fencing changed the flow from the pavilion out to the green space. Berkshire said the fencing would be like it was at Pitsker. Yerman said the dugouts would have enough of a buffer to not be right up against the alleys or pavilion. Matuszewicz asked them to consider the climbing boulder and how it became shaded earlier in the day due to the location of the restrooms. Schmidt said he has played on fields that did not have an outfield fence. He said with Block 76 towards right field, they wouldn't need to bother with a fence. Crockett Farnell, representative for the Center for the Arts, said that instead of a gigantic fence in Town Park, it would open up the whole corridor and be more overtly inviting. He said they spent the past three months in meetings and doing studies and took into consideration the neighbors to the northeast and the view of Town coming in on the main highway. He said they did not say the Center would put the building there and Town had to move all of their amenities. Schmidt pointed out that if the Center was not expanding, they would not move the ball park. Jenny Birnie, Executive Director for the Center for the Arts, said they would look at whatever option they're told. Schmidt would like to know public objections to moving Pitsker Field. He didn't think the notice that had been provided allowed people to know what was happening. Huckstep confirmed no one wanted to see a field go away in the process. Yerman said they would actually be gaining a full sized field, and the main rules were not to lose any amenities and to see how many they could gain. Town would gain a full sized softball field and kids' soccer fields. Berkshire said they were able to move Tommy V Field when the school expanded, and they were not getting rid of, they were relocating. The Council agreed they would defer any decisions to allow public comments.

### **3) Resolution No. 4, Series 2015 – Discussion and Possible Decision Regarding a Resolution of the Crested Butte Town Council Expressing Support for the Use of Public Property for the Purpose of Expanding the Center for the Arts' Facilities.**

Schmidt moved and Berkshire seconded a motion to continue Resolution No. 4, Series 2015 to the next agenda. A roll call vote was taken with all voting, “Yes.” **Motion passed unanimously.**

#### **4) Presentation by Frank Kugel of the Upper Gunnison River Water Conservancy District on the Gunnison Basin Water Plan.**

Frank Kugel, General Manager of the Upper Gunnison River Water Conservancy District, introduced board members Bill Nesbitt and Steve Glazer. They were providing an update on Upper Gunnison River water matters. Their district ran from Blue Mesa to include Crested Butte. Their grant program recently completed \$120K for water projects in the basin, in which Crested Butte has benefitted. The projects included: the Crested Butte Water Ditch, McCormick Ditch Diversion Project, and the stream gauge on Coal Creek. Kugel also updated the Council on the Colorado Water Plan. He serves on the Gunnison Basin Roundtable to provide input on the Colorado Water Plan. The primary concern that Kugel identified was that there could potentially be 10M Colorado residents in 2050 and water supplies would drop. There would be increasing demand and decreasing supply. The Gunnison Basin Roundtable had been working to reach out to community members asking for feedback. The feedback was needed in order to submit a plan from the Gunnison Basin. Kugel said that the Gunnison Basin faced the threat of trans-mountain diversion. Kugel felt that the water community was more informed than they were in the past, but they faced a threat if they didn't go to the table to negotiate and educate. The Front Range contained 85% of the population, and 85% of the water was here. Kugel wanted to negotiate in order to plan for shortages that might be faced in the future. Kugel stated that the deadline for public comment was basically now. He has to have the final draft of the Gunnison Basin Plan to the State by April 17, which would be presented to the Governor in early December.

Kugel said that, firstly, water conservation was one way to meet the gap between supply and demand. They wanted to get all of the municipal providers together to talk about water conversation. Kugel said that by asking the Front Range to conserve water, it was important that water in this area was conserved, too. Secondly, Kugel said another aspect was ag transfers, also known as “buy and dry.” Basically, water was transferred off farmland, which they wanted to discourage because of the importance of agriculture. Thirdly, Kugel mentioned another aspect was new supply. For example, a way to encourage responsible growth in the Front Range included developing fewer golf courses and park spaces that required irrigation. The fourth aspect was to identify projects and processes and to look at ways to prioritize. Specifically, helping projects that were on the books to move forward.

Nesbitt spoke regarding a ballot initiative on the proposed public trust doctrine regarding giving up water works, water supply, and diversion structures to the public. He said it was a Federal piece in which the Feds were proposing to take over the reservoirs. Matusiewicz confirmed if water went over the divide, it went to the other side of the hill. Nesbitt reported there was a problem with legislative clout. Huckstep asked if there was anything that could be done as a community, beyond the building code. Nesbitt said any

water that was conserved became a part of the system. He said the concern was that they didn't get credit for water that was saved, and he felt it important that they received their proper due. Kugel said what the Town of Crested Butte was doing with the McCormick Ditch Project was an excellent example of responsible water usage. Schmidt asked about the Colorado River Compact. He asked if there was as much concern about the Colorado River Compact as there was about trans-mountain diversion. Nesbitt felt the paradigm needed to change. He said things could be done with existing reservoirs, and there seemed to be some give and take. Glazer said they were working towards the development of contingency plans. Nesbitt was not as concerned about downstream calls. The more immediate problem was that lake levels dropped and hydropower was lost. Glazer added that they wanted to be sure Gunnison's voice was heard and that the Roundtable was taking comments. Schmidt said that flood irrigation was wasteful compared to drip, and he wondered if there were any efforts to moderate. Kugel said that downstream users were reliant on return flows. Drip irrigation was great for the environment but downstream suffered. The overall goal was to preserve existing uses. They wanted to make informed decisions and applied research was important. Kugel mentioned their upcoming board meeting next week and upcoming projects in the area.

#### **5) Presentation by High Country Conservation Advocates (HCCA) to Provide a Periodic Update on Gunnison County Public Lands, Red Lady, and the Water of the Gunnison Basin.**

Alli Melton, Public Lands Director for HCCA, presented a periodic update. She began by talking about natural gas, specifically the Bull Mountain Master Development Plan, which would affect the north end of the Paonia Reservoir to McClure Pass. The last County process regarding proposed flow back pits demonstrated insufficiency in the County regulations regarding comprehensive planning.

Next, Melton spoke regarding the Colorado Roadless Rule Coal Mine Exemption. She said it would fragment some really important habitat. She said they worked to move away from boom or bust and wanted to move to a more sustainable model.

Melton mentioned the Spruce Beetle Epidemic Sudden Aspen Decline Management Response (SBEADMR) in regards to timber. Because the Forest Service wasn't clear, HCCA was prioritizing to make sure communities would be protected.

Melton provided an update on Red Lady. US Energy has engaged the Forest Service in the NEPA process. The Forest Service would be working on their own schedule and funding. It was unlikely this would be on their books, and the process probably would be starting next year.

Julie Nania, Water Program Director, said she had been involved in rule making hearings involving Coal Creek. The plan was to identify heavy metals in the creek, and they needed to be able to attribute sources of loading before they could establish standards. HCCA was asking for great involvement in the process due to concerns with ground water. Coal Creek Water Coalition was also involved and provided information as a

member of the public. Nania reported that as a result of the hearing, they convinced them to hold stakeholders' meetings, and moving forward they could play a more active role and active analysis. HCCA has been involved in the Gunnison Basin Implementation Plan and the Colorado Water Plan processes, commenting on in-stream flows concerns. Nania also mentioned the piping project of McCormick Ditch. Schmidt questioned if HCCA had talked about reengaging with US Energy for solutions to the "ultimate problem." Melton answered, "No." He then asked if they had any interest. Melton answered, "No." She said their approach was to wait and see when US Energy might be amenable. Schmidt wondered how they would know when they were amenable. Melton said they would contact HCCA. She said their role was better as a watchdog, rather than as a negotiator.

### **EXECUTIVE SESSION**

Huckstep confirmed with the Council they were agreeable to amending the agenda by adding Executive Session to the end of the meeting.

### **LEGAL MATTERS**

None

### **COUNCIL REPORTS AND COMMITTEE UPDATES**

Glenn Michel

- Thanked the Council members who attended the One Valley Prosperity Project (OVPP) event. Reported that they were in the visioning process. They were collecting comments and challenges to create a visioning statement. Said he would be at Rumors later this week collecting information from people.
- Reported that the Mountain Express Board identified that they had strong revenue coming in from sales tax, and they would potentially be willing to fund a bus to the Judd Falls Trailhead. They approached the National Forest Service and the County. They received a letter back from the Forest Service indicating they were not willing to help improve the road or the turn around. A bus to Judd Falls was a potential solution to help traffic flow on Gothic Road. Matuszewicz asked if the answer meant that it could not be done, which Michel confirmed. Michel hoped they could have more dialogue. Huckstep said the Forest Service's reason was because there was already permitted businesses providing service. Michel said they would attempt to navigate the issue without disturbing.
- Mentioned the Big Mine Strategic Planning meeting on March 30. He said they were close to narrowing final plans, and it was a good time to weigh in and put in their thoughts.

Aaron Huckstep

- Informed the Council of the upcoming Marijuana Summit put on by GCSAPP.
- Attended Mayor/Mangers two Thursdays ago.

- Was in Denver last week for CAST. There was a legislative update with CML. The new director of CDOT was introduced. He talked about how it was impossible to build your way out of congestion. Also, he said there were the Office of Economic Development and International Trade and Mayor Hancock from Denver in attendance.

### **OTHER BUSINESS TO COME BEFORE THE COUNCIL**

Huckstep mentioned correspondence from Chad Reich, Anika Juneau, and an email from Joan Cook. Crossett added that Yerman and Stanford were working to get hard copies of letters related to the annexation in a binder.

Schmidt asked Crossett what the status was of the retreat that had been discussed. Crossett said he was waiting for a proposal. Schmidt asked what the time frame might be. Crossett said he would follow up with the consultant this week. Huckstep asked him what his expectation was. Crossett expected a one-day retreat. There would be some preparation needed. He expected the consultant would interview people to get the lay of the land. He gave them the basic parameters of expectations, but he left them leeway to propose. He didn't want to front end dictate what it would look like.

### **DISCUSSION OF SCHEDULING FUTURE WORK SESSION TOPICS AND COUNCIL MEETING SCHEDULE**

- Monday, April 6, 2015 – 6:00PM Work Session – 7:00PM Regular Council
- Monday, April 20, 2015 – 6:00PM Work Session – 7:00PM Regular Council
- Monday, May 4, 2015 – 6:00PM Work Session – 7:00PM Regular Council

### **EXECUTIVE SESSION**

Schmidt moved and Ladoulis seconded a motion to go into Executive Session for a conference with the Town Attorney for the purpose of receiving legal advice on specific legal questions under C.R.S. Section 24-6-402(4)(b). A roll call vote was taken with all voting, "Yes." **Motion passed unanimously.**

Council went into Executive Session at 10:17PM. Council returned from Executive Session at 11:03PM. Mayor Huckstep made the required announcement upon returning to the open meeting. No action was taken.

### **ADJOURNMENT**

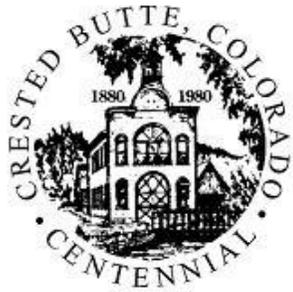

Mayor Huckstep adjourned the meeting at 11:04PM

---

Aaron J. Huckstep, Mayor

---

Lynelle Stanford, Town Clerk (SEAL)

# Staff Report

April 6, 2015

**To:** Mayor and Town Council  
**From:** Michael Yerman, Town Planner  
**Subject:** **Trail Extension Lower Loop- Utley Property Conservation Easement**  
**Date:** April 6, 2015

---

---

**Background:**

The Crested Butte Land Trust is planning a single track trail extension from the lower loop trailhead to the beginning of the lower loop trail to move trail traffic off County Road 4. The conservation easement on the Utley property requires Town approval prior to the new section of trail being constructed.

**Recommendation:**

Town Council may make a motion to “approve new Peanut Mine Trail across the Utley property as requested by the Crested Butte Land Trust.”

## Peanut Mine trail proposal

The Peanut Mine trail would extend single track from the Lower Loop trailhead (Utley property) approximately .15 miles to just south of the Budd driveway, where a rollover would be used to cross the Peanut Mine fence. From the rollover, signage would be visible directing trail users traveling north to the Lower Loop trail and south to the Lower Loop trailhead. The trail route would essentially parallel Peanut Lake Road and re-join the road after meandering through this open hillside and small stand of mixed-conifers. Re-vegetation from the Peanut Mine Reclamation is strong in this area and therefore natural resource impacts are not a concern. In addition, there are no concerns regarding the previous mine operations in this area. While this section of single track will be short, we hope that it will create a more continuous trail experience between the Woods Walk and the Lower Loop.

## Staff Report

April 6, 2015

**To:** Mayor and Town Council  
**Thru:** Todd Crossett, Town Manager  
**From:** Lynelle Stanford, Town Clerk  
**Subject:** Paragon People's Fair  
**Date:** March 26, 2015

---

---

### Summary:

Jan Giesselman, event organizer for the Paragon People's Fair, submitted the special event application on behalf of the Paragon Gallery. This annually occurring arts and crafts fair is proposed to take place on Elk Avenue, from 2<sup>nd</sup> Street to 4<sup>th</sup> Street, and on 3<sup>rd</sup> Street, from alley to alley, on September 5-6, 2015. The event organizer has proposed a live band performing folk music on 3<sup>rd</sup> Street. Also, there would be food vendors located on 3<sup>rd</sup> Street. Set up would begin on Friday, September 4 at 4PM, and clean up would be completed by 6PM on Sunday, September 6.

### Recommendation:

To approve the Paragon People's Fair special event application.

# TOWN OF CRESTED BUTTE SPECIAL EVENT APPLICATION

- A **complete** application must be submitted a **minimum** of forty-five (45) days prior to your event. A **complete** application includes all **fees** and **deposits**.
- Incomplete applications will not be accepted.
- A \$100 late fee will be charged for late applications and no applications will be accepted less than ten (10) business days prior to an event.
- In addition to the application fee and a special event permit fee, a clean-up deposit may be charged depending on the size and scale of the event (see special event fee schedule for details).
- All special events require a minimum of \$1,000,000 in general commercial liability insurance naming the Town of Crested Butte as an additional insured. If you have reserved the Big Mine Ice Arena for more than 299 people you will also need to add the Crested Butte Fire Protection District as an additional insured.
- Additional application fees are required for a Special Event Liquor License.
- Please print clearly and **legibly**
- Block parties must comply with the Block Party Policies and are not Special Events. Contact the Clerk's Office for more information.

Festival <sup>end</sup> on Sunday @ 4PM

Event Time (start time of scheduled event to end time of scheduled event): 10-6 Sat & Sun

Total Time (including set-up, scheduled event, break-down & clean-up): Setup-Friday starts 4PM

Expected Numbers: Participants: 80 Booths Spectators: 500 Clean up done

by 6PM Sunday

Do You Intend to Sell or Serve Alcohol? Yes /  No

If Yes, a Special Event Liquor License is Required, You must Submit a Separate Application for a Special Event Liquor License to the Town Clerk at least 30 days prior to the event to ensure adequate time to comply with state regulations.

Special Event Liquor License Application is Attached with Appropriate Fees and Diagram

Proof of General Commercial Liability Insurance Naming the Town of Crested Butte as Additional Insured, with Coverage of No Less than \$1,000,000 is Required for All Special Events. If your event is in the Big Mine Ice Arena and over 299 people you will also need to add the Crested Butte Fire Protection District as Additional Insured. Events Selling Alcohol also Require Liquor Liability Insurance (Note your application cannot be approved until we receive Proof of Insurance). *Contact the Clerk's Office if you would like to receive an insurance quote through the Town's Insurance Provider.*

Is Proof of Insurance is Attached  Yes /  No

If No, Why Not: Will be supplied through town of Crested Butte

Will There Be Amplified Sound at This Event?  Yes /  No

If Yes, Describe: live folk music on 3rd between Elk Ave & Alley

Note: If there will be amplified sound during your event then the rules and requirements of Crested Butte Municipal Code Section 10-9-50 must be followed. Upon completion and submission of this application the Town will provide you with additional information, including details on how to comply with the neighborhood notification process that you will be required to follow.

Are you requesting Town Manager approval for a 1-day banner at the event location for the hours of the event. Yes /  No  
Town Manager Approval: \_\_\_\_\_

Do you plan to apply for a banner permit to erect a banner at the Pitsker Outfield Fence  Yes /  No  
If yes, you must apply for a banner permit separately through Diane at the Front Desk of Town Hall.

How much trash do you anticipate generating at the event? minimal

What recyclable products will be generated at the event? cans/bottles

Describe Your DETAILED Plan for Trash, Recycling and Clean-Up (all events are required to have a plan for handling recycling and garbage during the event and the removal of recycling and garbage after the event). Please note that any plan should emphasize increased recycling and decreased waste production. If you feel that your event will require assistance from a waste company contact the Clerk's Office at 349-5338 or look on the special event section of the Town's website at

[www.townofcrestedbutte.com](http://www.townofcrestedbutte.com) for details on the two different waste companies that serve Crested Butte and the scope of their services. Be creative and detailed in you plan. Please note that any event application without a detailed recycling and refuse plan will not be accepted as a complete application:

Waste mgmt will be paid to provide recycling bins & a dumpster. Paragon staff will handle trash & recycle bins.

Describe Plan for Security (All major impact events, as well as events that receive a special event liquor license, are required to have a security plan):

We will have staff on site from 7AM - 7PM Sat + Sun

Describe Plan for Parking: Four way lot & 1st Street lot are recommended to vendors & attendees

Describe Plan for Portable Toilets and/or Restrooms: Public restrooms have always sufficed for this event

Is Your Event Requesting Any Additional Services from the Town of Crested Butte (such as barricades, utility irrigation locates, traffic control, snow removal, electrical power, trash removal, additional police etc.)?  Yes  No

If Yes, explain request for services in detail (attach additional page if necessary): Barricades on site right before and planter boxes removed between 2nd & 4th Street on Elk Ave. Please Remember this year!

Will Your Event Require Any Road Closures  Yes  No

If Yes, Explain in Detail Streets Closures and Times of Closures: Elk Ave between 2nd & 4th streets Sat 7AM through Sun 7PM

Will Your Event Impact Mt. Express Bus Service and/or Routes  Yes  No

If Yes, Explain Impact: Divert up Maroon instead of driving on Elk Ave

Will Your Event Affect Any Handicap Parking Spaces  Yes  No

If yes then you must work with the Marshal's Department to create a temporary handicap parking space/s for the duration of your event.

Describe Plan for Notifying Businesses and Neighbors Impacted by Your Event:

All businesses will be notified

Does Your Event Include a Parade  Yes  No

If yes you must read and sign the following: I understand that if items are to be distributed during the parade (i.e. candy, beads, etceteras) individuals will do so exclusively by foot from along-side the vehicles/floats to minimize the likelihood of spectators running up to the vehicles/floats. I understand and agree that items will not be thrown from any vehicle/float.

Signature of Event Coordinator

Will You Be Selling Products (food, drink or merchandise) At Your Event  Yes  No

If Yes, You must Collect Sales Tax and Attach a Completed Town of Crested Butte Sales Tax License Application.  Town of Crested Butte Sales Tax Application is Attached.

If Approved Would You Like Town Staff To Post The Event On The Gunnison-Crested Butte Online Community Calendar (this service is free of charge) es / No

If yes, please write two sentences below describing the event in the exact wording it will appear on the calendar:

*hated every labor-day weekend by the Paragon Art Gallery. Come for an amazing art and hangout with the locals.*

Contact Name & Phone Number for the Calendar: 970-349-6484 Paragon Art Gallery

Event Fee for the Calendar: FREE Website for More Info: ParagonArtGallery.com

Please Review Carefully:

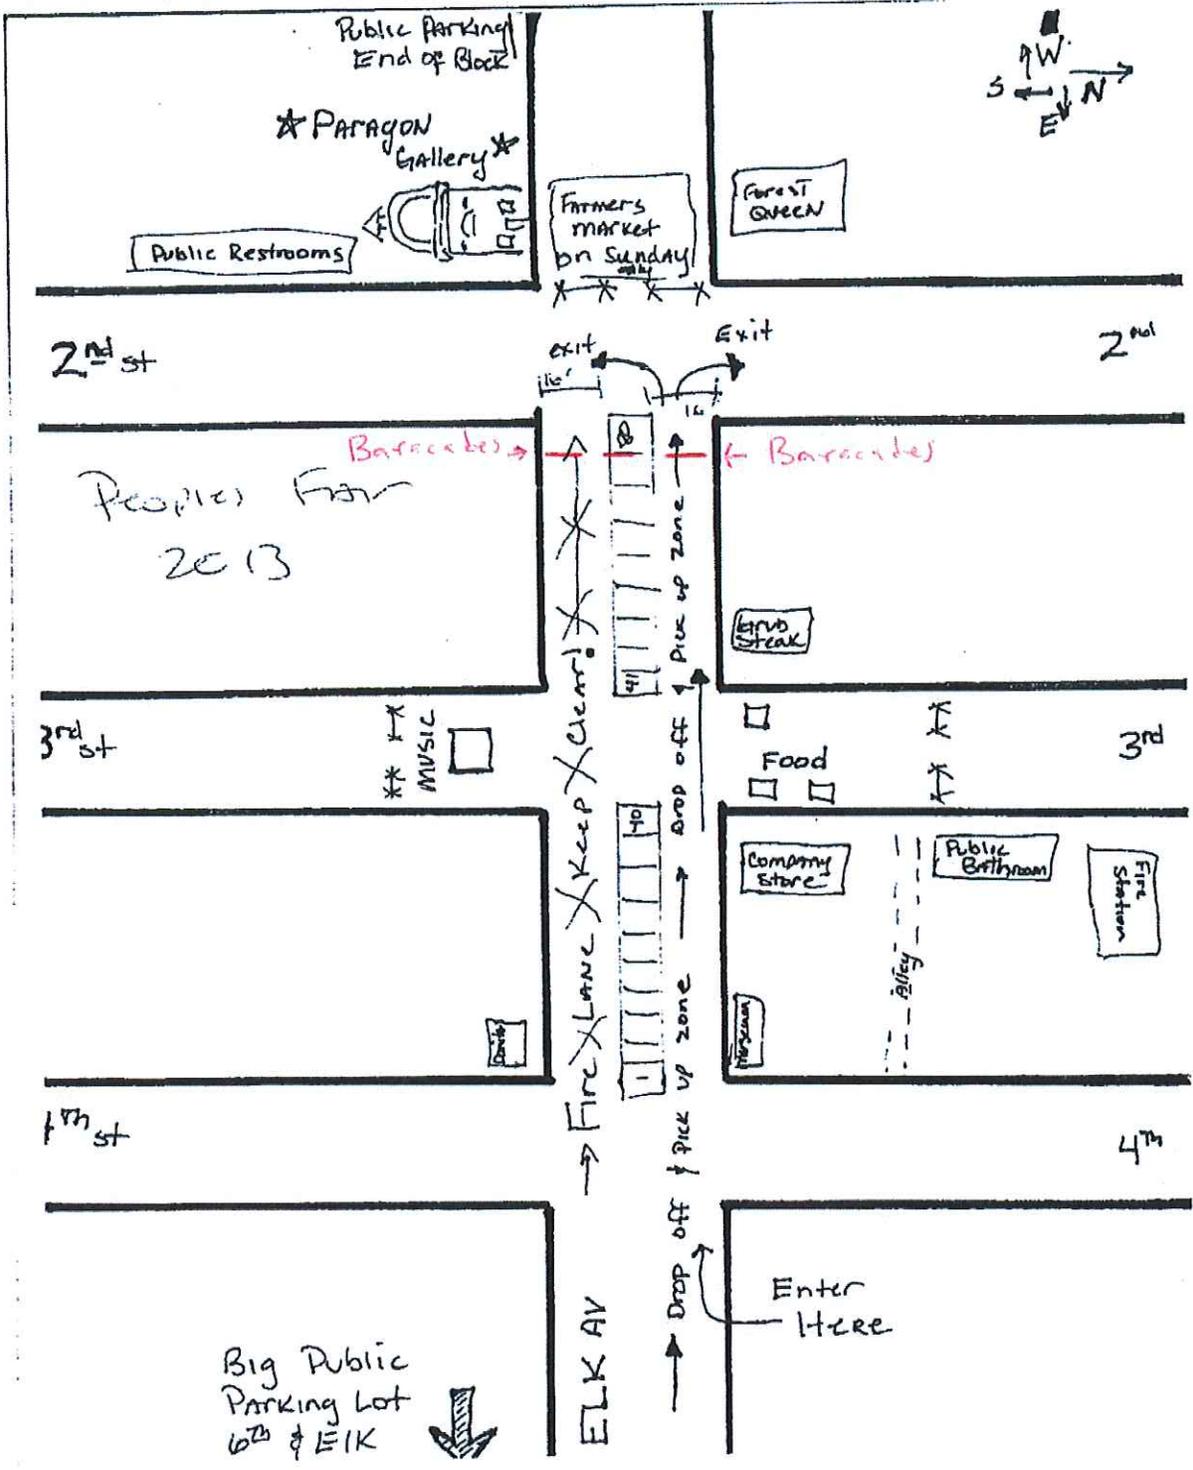

In consideration for being permitted by the Town to engage in the permitted event, the Permittee, its heirs, successors, executors, assigns, transferees, employees, officers, directors, members, managers, representatives, contractors, subcontractors, agents, assigns, guests and invitees (collectively, the "Releasor/Idemnitor") hereby acknowledge and agree to the following: (i) Releasor/Idemnitor assume all risk of injury; loss or damage to Releasor/Idemnitor, any of them, arising out of or in any way related to the permitted event, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause; (ii) Releasor/Idemnitor waive and release the Town from any and all claims, demands and actions for injury, loss or damage arising out of or in any way related to the permitted event, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause; (iii) Releasor/Idemnitor agree to defend, indemnify and hold harmless the Town from and against any and all liability, claims, damages and demands, including any third party claim asserted against the Town, on account of injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage, or any other loss of any kind whatsoever, arising out of or in any way related to the permitted use, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause. For purposes hereof, the term "Town" shall include, individually and collectively, its officers, employees, agents, insurers, insurance pools, contractors and subcontractors. By signing this Special Event Application, the Permittee acknowledges and agrees that this assumption of risk, waiver and indemnity extends to all acts, omissions, negligence or other fault of the Town and that said assumption of risk, waiver and indemnity is intended to be as broad and inclusive as is permitted by the laws of the State of Colorado. In any portion hereof is held invalid, it is further agreed that the balance shall, notwithstanding such invalidity, continue in full legal force and effect.

The undersigned Permittee certifies that all the statements and answers to the above questions are true without any reservations or evasions. The undersigned also understands that the Town of Crested Butte reserves the right to require payment for additional services for major impact events

## Staff Report

April 6, 2015

**To:** Mayor and Town Council  
**Thru:** Todd Crossett, Town Manager  
**From:** Lynelle Stanford, Town Clerk  
**Subject:** **Big Mountain Enduro Special Event Application and Special Event Liquor Permit**  
**Date:** March 26, 2015

---

---

### **Summary:**

Brandon Ontiveros and Mike Day are the event organizers for Big Mountain Enduro. The Big Mountain Enduro is a three day enduro mountain bike race, primarily taking place outside of Town, on Forest Service land. The event headquarters and sponsor village are proposed to take place at Town Park. Load in at Town Park would begin on Wednesday, July 29, and load out would be completed by mid-day on Monday, August 3. The event organizers have proposed using the soccer field, the parking lot (three parking spots reserved for Center for the Arts), and the rectangular area of land on the north side of the sidewalk extending to Pitsker Field and west of the bathrooms, and the small triangular shaped piece of land west of Stepping Stones. The proposed perimeter of the beer garden encircles the soccer field. The event organizers would have security personnel positioned at every entrance and exit to check IDs and to prohibit the entry and exit of alcoholic beverages. They would also provide wristbands to clearly identify minors. The plans for porta potties, trash, recycling, and amplified sound are included in the application.

### **Recommendation:**

To approve the special event application and special event liquor permit for Big Mountain Enduro located at Town Park from July 29 – August 3, 2015.

# TOWN OF CRESTED BUTTE SPECIAL EVENT APPLICATION

- A **complete** application must be submitted a **minimum** of forty-five (45) days prior to your event. A **complete** application includes all **fees** and **deposits**.
- Incomplete applications will not be accepted.
- A \$100 late fee will be charged for late applications and no applications will be accepted less than ten (10) business days prior to an event.
- In addition to the application fee and a special event permit fee, a clean-up deposit may be charged depending on the size and scale of the event (see special event fee schedule for details).
- All special events require a minimum of \$1,000,000 in general commercial liability insurance naming the Town of Crested Butte as an additional insured. If you have reserved the Big Mine Ice Arena for more than 299 people you will also need to add the Crested Butte Fire Protection District as an additional insured.
- Additional application fees are required for a Special Event Liquor License.
- Please print clearly and **legibly**
- Block parties must comply with the Block Party Policies and are not Special Events. Contact the Clerk's Office for more information.

Mailing Address of Organization Holding the Event: PO Box 3728, Crested Butte, CO 81224

Email Address of Organization: same ↑ Phone Number: ↑

Detailed Event Description: Please attach an event schedule if applicable  Event Schedule Attached  
A 3-day Enduro mountain bike race, primarily taking place on USFS land. Event HQ and sponsor village will take place at town park / Center for the Arts fields. Load in Thursday, July 30<sup>th</sup>. Load out Monday, August 3<sup>rd</sup>.  
Wednesday 29<sup>th</sup>

Event Location: (Attach map showing location of event; Also attach 8 1/2" X 11" diagram detailing the event showing tents, vendors, security, toilets, tables, signage, fencing, booths, ingress and egress, stage, etc):

Map Attached Showing Location of Event  Diagram Attached Detailing Event

Event Time (start time of scheduled event to end time of scheduled event): 7am - 9pm each day  
Total Time (including set-up, scheduled event, break-down & clean-up): July 30<sup>th</sup> - August 3<sup>rd</sup>, 2015  
Expected Numbers: Participants: 300-400 Spectators: 500<sup>approx</sup>

Do You Intend to Sell or Serve Alcohol?  Yes / No

If Yes, a Special Event Liquor License is Required, You must Submit a Separate Application for a Special Event Liquor License to the Town Clerk at least 30 days prior to the event to ensure adequate time to comply with state regulations.

Special Event Liquor License Application is Attached with Appropriate Fees and Diagram

Proof of General Commercial Liability Insurance Naming the Town of Crested Butte as Additional Insured, with Coverage of No Less than \$1,000,000 is Required for All Special Events. If your event is in the Big Mine Ice Arena and over 299 people you will also need to add the Crested Butte Fire Protection District as Additional Insured. Events Selling Alcohol also Require Liquor Liability Insurance (Note your application cannot be approved until we receive Proof of Insurance). *Contact the Clerk's Office if you would like to receive an insurance quote through the Town's Insurance Provider.*

Is Proof of Insurance is Attached?  Yes / No

If No, Why Not: \_\_\_\_\_

Will There Be Amplified Sound at This Event?  Yes / No

If Yes, Describe: PA systems for event emcee & music

Note: If there will be amplified sound during your event then the rules and requirements of Crested Butte Municipal Code Section 10-9-50 must be followed. Upon completion and submission of this application the Town will provide you with additional information, including details on how to comply with the neighborhood notification process that you will be required to follow.

Are you requesting Town Manager approval for a 1-day banner at the event location for the hours of the event?  Yes / No

Town Manager Approval: [Signature]

Do you plan to apply for a banner permit to erect a banner at the Pitsker Outfield Fence? Yes /  No

If yes, you must apply for a banner permit separately through Diane at the Front Desk of Town Hall.

How much trash do you anticipate generating at the event? MODERATE AMOUNT

What recyclable products will be generated at the event? cans, paper/cardboard, some plastic

Describe Your DETAILED Plan for Trash, Recycling and Clean-Up (all events are required to have a plan for handling recycling and garbage during the event and the removal of recycling and garbage after the event). Please note that any plan should emphasize increased recycling and decreased waste production. If you feel that your event will require assistance from a waste company contact the Clerk's Office at 349-5338 or look on the special event section of the Town's website at www.townofcrestedbutte.com for details on the two different waste companies that serve Crested Butte and the scope of their services. Be creative and detailed in you plan. Please note that any event application without a detailed recycling and refuse plan will not be accepted as a complete application:

BME will provide recycling & trash cans throughout permitted area. We will also work with Waste Management to pick up all trash/recycling at end of each day. We aim to leave a zero carbon footprint & ensure permitted zone is cleaner than before BME event.

Describe Plan for Security (All major impact events, as well as events that receive a special event liquor license, are required to have a security plan):

BME will provide staff each day with security in place. This will be a mix of contractors & we will hire William Buck to monitor beer garden & primary entrance.

Describe Plan for Parking: The only parking allowed on permitted area will be for BME staff & vendor/sponsor vehicles. Most trailers & mobile set-ups will be located within event HQ area, outlined in map matrix.

Describe Plan for Portable Toilets and/or Restrooms: 4-6 total porta potties will be used within sponsor village & event HQ.

Is Your Event Requesting Any Additional Services from the Town of Crested Butte (such as barricades, utility irrigation locates, traffic control, snow removal, electrical power, trash removal, additional police etc.)? Yes /  No

If Yes, explain request for services in detail (attach additional page if necessary):

Will Your Event Require Any Road Closures? Yes /  No

If Yes, Explain in Detail Streets Closures and Times of Closures:

Will Your Event Impact Mt. Express Bus Service and/or Routes? Yes /  No

If Yes, Explain Impact:

Will Your Event Affect Any Handicap Parking Spaces? Yes /  No

If yes then you must work with the Marshal's Department to create a temporary handicap parking space/s for the duration of your event.

Describe Plan for Notifying Businesses and Neighbors Impacted by Your Event:

BME will contact & meet with all affected business owners & homes to ensure they're aware & approve of the event. This schedule will also be posted on local websites & event calendars to inform entire CB community.

Does Your Event Include a Parade? Yes /  No

If yes you must read and sign the following: I understand that if items are to be distributed during the parade (i.e. candy, beads, etceteras) individuals will do so exclusively by foot from along-side the vehicles/floats to minimize the likelihood of spectators running up to the vehicles/floats. I understand and agree that items will not be thrown from any vehicle/float.

Signature of Event Coordinator

Will You Be Selling Products (food, drink or merchandise) At Your Event? Yes /  No

If Yes, You must Collect Sales Tax and Attach a Completed Town of Crested Butte Sales Tax License Application.  Town of Crested Butte Sales Tax Application is Attached.

If Approved Would You Like Town Staff To Post The Event On The Gunnison-Crested Butte Online Community Calendar (this service is free of charge)? Yes / No

If yes, please write two sentences below describing the event in the exact wording it will appear on the calendar: The 2015 Big Mountain Enduro Crested Butte stop will bring in top riders from around the world to compete in the only US stop of the Enduro World Series (EWS). Catch the action July 31- August 2, 2015.

Please Review Carefully:

In consideration for being permitted by the Town to engage in the permitted event, the Permittee, its heirs, successors, executors, assigns, transferees, employees, officers, directors, members, managers, representatives, contractors, subcontractors, agents, assigns, guests and invitees (collectively, the "Releasor/Idemnitor") hereby acknowledge and agree to the following: (i) Releasor/Idemnitor assume all risk of injury, loss or damage to Releasor/Idemnitor, any of them, arising out of or in any way related to the permitted event, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause; (ii) Releasor/Idemnitor waive and release the Town from any and all claims, demands and actions for injury, loss or damage arising out of or in any way related to the permitted event, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause; (iii) Releasor/Idemnitor agree to defend, indemnify and hold harmless the Town from and against any and all liability, claims, damages and demands, including any third party claim asserted against the Town, on account of injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage, or any other loss of any kind whatsoever, arising out of or in any way related to the permitted use, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause. For purposes hereof, the term "Town" shall include, individually and collectively, its officers, employees, agents, insurers, insurance pools, contractors and subcontractors. By signing this Special Event Application, the Permittee acknowledges and agrees that this assumption of risk, waiver and indemnity extends to all acts, omissions, negligence or other fault of the Town and that said assumption of risk, waiver and indemnity is intended to be as broad and inclusive as is permitted by the laws of the State of Colorado. In any portion hereof is held invalid, it is further agreed that the balance shall, notwithstanding such invalidity, continue in full legal force and effect.

The undersigned Permittee certifies that all the statements and answers to the above questions are true without any reservations or evasions. The undersigned also understands that the Town of Crested Butte reserves the right to require payment for additional services for major impact events

Hey Betty,

Just wanted make sure you got this, All I did was add a green line around the original site plan boundary. In order to have spectators have room to roam we want to encapsulate the entire area. I understand we will need to monitor each entrance/exit. The breaks in the the red/green lines are those throughways, and I have them marked on the map.

Let me know if you need anything else.

On Wed, Mar 11, 2015 at 11:03 AM, Betty Warren <[BWarren@crestedbutte-co.gov](mailto:BWarren@crestedbutte-co.gov)> wrote:

Hi Mike:

If you encapsulate the whole par with soft fencing, you will need security/volunteers and all breaks/entries/exits in the fence. Those under 21 years will need wristbands to indicate they are not of age. Your security would need to card everyone, make sure alcohol doesn't get into/out of fenced area, provide wristbands for attendees under 21. So, it can be done, but it is a lot of extra work for your volunteers.

If you have a beer garden confined space, your attendees will not be able to take alcohol out of that area as they go to the various tents, etc. They would have to remain within the smaller space of the beer garden.

I hope that makes sense. Please let me know if you need any additional info.

Thanks,

Betty

## Staff Report

April 6, 2015

**To:** Mayor and Town Council  
**Thru:** Todd Crossett, Town Manager  
**From:** Lynelle Stanford, Town Clerk  
**Subject:** Crested Butte Bike Week Special Event Application and Special Event Liquor Permits  
**Date:** March 26, 2015

---

---

### Summary:

Eliza Cress, event organizer for Crested Butte Bike Week, submitted the special event application and special event liquor permit applications on behalf of the Crested Butte/Mt. Crested Butte Chamber of Commerce. There are two events proposed as part of the Crested Butte Bike Week application: the Chainless Bike Race and Party and the Fat Tire 40.

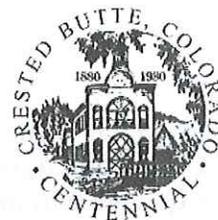

The Chainless Bike Race and Party are proposed for June 26, 2015. According to the application, set up would begin at 9AM and take down would be finished by 7:30PM. A live band is proposed to perform in the 2<sup>nd</sup> and Elk Parking Lot. The proposed liquor permitted area includes the 0 Block of Elk, the 2<sup>nd</sup> and Elk parking lot, and the 100 Block of Elk Avenue (diagram included in the packets). Fencing would be used to designate liquor permitted areas, and trained volunteers would be stationed at the entrances and exits.

The Fat Tire 40 would take place on June 27, 2015. The race is proposed to start and finish at Town Park and Yelnick Pavilion. The timeline for the event is from 6AM to 6PM. The event organizer has requested a hard closure of 7<sup>th</sup> Street from Noon to 4PM for the finish line directly across from Town Park (diagram included in the packets).

### Recommendation:

To approve the special event application and special event liquor permits for Crested Butte Bike Week proposed for Elk Avenue on June 26, 2015 and Town Park on June 27, 2015.

# TOWN OF CRESTED BUTTE SPECIAL EVENT APPLICATION

- A **complete** application must be submitted a **minimum** of forty-five (45) days prior to your event. A **complete** application includes all **fees** and **deposits**.
- Incomplete applications will not be accepted.
- A \$100 late fee will be charged for late applications and no applications will be accepted less than ten (10) business days prior to an event.
- In addition to the application fee and a special event permit fee, a clean-up deposit may be charged depending on the size and scale of the event (see special event fee schedule for details).
- All special events require a minimum of \$1,000,000 in general commercial liability insurance naming the Town of Crested Butte as an additional insured. If you have reserved the Big Mine Ice Arena for more than 299 people you will also need to add the Crested Butte Fire Protection District as an additional insured.
- Additional application fees are required for a Special Event Liquor License.
- Please print clearly and **legibly**
- Block parties must comply with the Block Party Policies and are not Special Events. Contact the Clerk's Office for more information.

Name of Assistant or Co-Organizer (if applicable): Dave Ochs

Phone: 970 349 6438 Cell Phone: 970 349 7324 E-Mail: director@cbchamber.com

Mailing Address of Organization Holding the Event: PO Box 1288 Crested Butte CO 81224

Email Address of Organization: director@cbchamber.com Phone Number: 970 349 6438

Detailed Event Description: Please attach an event schedule if applicable  Event Schedule Attached

\_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

**Event Location:** (Attach map showing location of event; Also attach 8 1/2" X 11" diagram detailing the event showing tents, vendors, security, toilets, tables, signage, fencing, booths, ingress and egress, stage, etc):

Map Attached Showing Location of Event  Diagram Attached Detailing Event

(A) 9 am - 6 pm

Event Time (start time of scheduled event to end time of scheduled event): (B) 8 am - 5 pm  
Total Time (including set-up, scheduled event, break-down & clean-up): (A) 9-7:30 pm (B) 6-6 pm  
Expected Numbers: Participants: (A) 300 (B) 300 Spectators: (A) 100 (B) 50

Do You Intend to Sell or Serve Alcohol? (Yes) / No

If Yes, a Special Event Liquor License is Required, You must Submit a Separate Application for a Special Event Liquor License to the Town Clerk at least 30 days prior to the event to ensure adequate time to comply with state regulations.

Special Event Liquor License Application is Attached with Appropriate Fees and Diagram

Proof of General Commercial Liability Insurance Naming the Town of Crested Butte as Additional Insured, with Coverage of No Less than \$1,000,000 is Required for All Special Events. If your event is in the Big Mine Ice Arena and over 299 people you will also need to add the Crested Butte Fire Protection District as Additional Insured. Events Selling Alcohol also Require Liquor Liability Insurance (Note your application cannot be approved until we receive Proof of Insurance). *Contact the Clerk's Office if you would like to receive an insurance quote through the Town's Insurance Provider.*

Is Proof of Insurance is Attached: (Yes) / No

If No, Why Not: \_\_\_\_\_

Will There Be Amplified Sound at This Event?  Yes / No

If Yes, Describe: (A) Live Band Friday, (B) Saturday music from iPod/PA system

Note: If there will be amplified sound during your event then the rules and requirements of Crested Butte Municipal Code Section 10-9-50 must be followed. Upon completion and submission of this application the Town will provide you with additional information, including details on how to comply with the neighborhood notification process that you will be required to follow.

Are you requesting Town Manager approval for a 1-day banner at the event location for the hours of the event? (Yes) / No

Town Manager Approval: AK

Do you plan to apply for a banner permit to erect a banner at the Pitsker Outfield Fence (Yes) / No

If yes, you must apply for a banner permit separately through Diane at the Front Desk of Town Hall.

How much trash do you anticipate generating at the event? Considerable amount

What recyclable products will be generated at the event? plastic, cardboard, aluminum

Describe Your DETAILED Plan for Trash, Recycling and Clean-Up (all events are required to have a plan for handling recycling and garbage during the event and the removal of recycling and garbage after the event). Please note that any plan should emphasize increased recycling and decreased waste production. If you feel that your event will require assistance from a waste company contact the Clerk's Office at 349-5338 or look on the special event section of the Town's website at

www.townofcrestedbutte.com for details on the two different waste companies that serve Crested Butte and the scope of their services. Be creative and detailed in you plan. Please note that any event application without a detailed recycling and refuse plan will not be accepted as a complete application:

Cup, plates, utensils will be predominantly environmentally friendly.

Team will be hired to provide & monitor trash & recycling bins. Team will remove waste & recycling.

Describe Plan for Security (All major impact events, as well as events that receive a special event liquor license, are required to have a security plan):

Fencing will be used to designate permitted drinking areas at both events. Trained volunteers at entrances.

Describe Plan for Parking: Side streets & public parking

Describe Plan for Portable Toilets and/or Restrooms: Porta toilets at Chautauque and public restrooms for Fat Tire 40.

Is Your Event Requesting Any Additional Services from the Town of Crested Butte (such as barricades, utility irrigation locates, traffic control, snow removal, electrical power, trash removal, additional police etc.)? Yes / No

If Yes, explain request for services in detail (attach additional page if necessary): (A) NO (B) Yes, cones will be necessary for 7th street road closure.

Will Your Event Require Any Road Closures Yes / No

If Yes, Explain in Detail Streets Closures and Times of Closures: 7th street will need to be closed from approx 12-4 pm.

Will Your Event Impact Mt. Express Bus Service and/or Routes Yes / No

If Yes, Explain Impact: (A) NO (B) Race will begin up Whiterock Ave and process down Elk Ave, police escort present, Mt. Express notified

Will Your Event Affect Any Handicap Parking Spaces Yes / No

If yes then you must work with the Marshal's Department to create a temporary handicap parking space/s for the duration of your event.

Describe Plan for Notifying Businesses and Neighbors Impacted by Your Event:

Amplified sound notification, outreach to businesses & residents with early warning.

Does Your Event Include a Parade Yes / No

If yes you must read and sign the following: I understand that if items are to be distributed during the parade (i.e. candy, beads, etceteras) individuals will do so exclusively by foot from along-side the vehicles/floats to minimize the likelihood of spectators running up to the vehicles/floats. I understand and agree that items will not be thrown from any vehicle/float.

Signature of Event Coordinator

Will You Be Selling Products (food, drink or merchandise) At Your Event. Yes / No

If Yes, You must Collect Sales Tax and Attach a Completed Town of Crested Butte Sales Tax License Application. X Town of Crested Butte Sales Tax Application is Attached.

If Approved Would You Like Town Staff To Post The Event On The Gunnison-Crested Butte Online Community Calendar (this service is free of charge):  Yes / No

If yes, please write two sentences below describing the event in the exact wording it will appear on the calendar:

Crested Butte Bike Week, worlds oldest  
Mountain Bike Festival

Contact Name & Phone Number for the Calendar: ELIZA CRESS 970 349 6438

Event Fee for the Calendar: see website Website for More Info: cbbikeweek.com

Additional Applicant Comments: Will have organizational meetings  
with pertinent town departments to  
increase efficiency & safety of CBBW events

Please Review Carefully:

In consideration for being permitted by the Town to engage in the permitted event, the Permittee, its heirs, successors, executors, assigns, transferees, employees, officers, directors, members, managers, representatives, contractors, subcontractors, agents, assigns, guests and invitees (collectively, the "Releasor/Idemnitor") hereby acknowledge and agree to the following: (i) Releasor/Idemnitor assume all risk of injury, loss or damage to Releasor/Idemnitor, any of them, arising out of or in any way related to the permitted event, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause; (ii) Releasor/Idemnitor waive and release the Town from any and all claims, demands and actions for injury, loss or damage arising out of or in any way related to the permitted event, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause; (iii) Releasor/Idemnitor agree to defend, indemnify and hold harmless the Town from and against any and all liability, claims, damages and demands, including any third party claim asserted against the Town, on account of injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage, or any other loss of any kind whatsoever, arising out of or in any way related to the permitted use, whether or not caused by the act or omission, negligence or other fault of the Town, or by any other cause. For purposes hereof, the term "Town" shall include, individually and collectively, its officers, employees, agents, insurers, insurance pools, contractors and subcontractors. By signing this Special Event Application, the Permittee acknowledges and agrees that this assumption of risk, waiver and indemnity extends to all acts, omissions, negligence or other fault of the Town and that said assumption of risk, waiver and indemnity is intended to be as broad and inclusive as is permitted by the laws of the State of Colorado. In any portion hereof is held invalid, it is further agreed that the balance shall, notwithstanding such invalidity, continue in full legal force and effect.

The undersigned Permittee certifies that all the statements and answers to the above questions are true without any reservations or evasions. The undersigned also understands that the Town of Crested Butte reserves the right to require payment for additional services for major impact events

Subject: RE: Special Events: CB Bike Week and Ride the Rockies

The Marshal's department is Ok with Ride the Rockies.

The Marshal's department is OK with bike week as long as the event coordinators provide the volunteers that they said they would provide. We have some concerns about the ability to control the liquor license foot print without all the volunteers they assured us they would provide. As discussed with Dave Ochs in the preliminary meetings, if they fall short of the volunteers we will need to reduce the foot print of the licensed premise.

## Staff Report

April 6, 2015

**To:** Mayor and Town Council  
**From:** Michael Yerman, Town Planner  
**Thru:** Todd Crossett, Town Manager  
**Subject:** **Resolution 4 Series 2015- Resolution Supporting Center for the Arts Expansion**  
**Date:** April 6, 2015

---

---

### **Background:**

Over the past five months, the Center for the Arts has actively engaged Town Staff on plans for the expansion of a new facility which will continue to be a Town owned facility. Town Staff has been proactively working with the Center on the site design in association with all the other park amenities of Town Park. On March 16<sup>th</sup>, the Town Council continued the discussion regarding the relocation of the Center to allow for public comment. The Crested Butte News published the proposed site plan in the paper on March 20<sup>th</sup>. The Town Council has received over 30 letters and emails regarding the proposed expansion which are attached to this staff report. There will be a presentation for this agenda item at the meeting. Town Staff will summarize public comments both pro and con during the presentation.

In the interest of creating the best possible design for the new building and for the park amenities of Town Park, Town staff asked the Center to develop several conceptual plans for how the new building might be repositioned on the site to best maximize the remaining park space for the existing park amenities, including looking outside of the boundaries set forth in Resolution No 15, 2009.

Town staff requested the Center pay up to \$5,000 for the Town's Big Mine Park planning consultant, Tina Bishop, of Mundus Bishop Landscape Architects and Planning, to work with the Center's design team to review the proposed site concepts on the Town's behalf. Town Staff felt that Mundus Bishop has the best working knowledge of the Town's park system at this time to make recommendations on the relocation of park amenities around the new Center. They are working in concert with Town staff and the Center's design team to achieve the best overall plan for the community.

Mundus Bishop has prepared a concept park diagram that would locate the new Center could be located that is outside the originally planned parameters of Resolution 15, Series 2009. While the building zone is shown as 60,000 sq. ft., the actual building would only occupy half of the proposed building zone shown in the prepared diagram. The remaining space would accommodate additional park and outside art amenities to be enjoyed by the public at large. The proposed concept park diagram Mundus Bishop has prepared maximizes the recreational programming and green space in both Town and Rainbow parks. The following are the park benefits of the proposed design:

- Increased size of softball field to regulation men's softball

- Increase from 2 to 3 full size play areas with the potential addition of a toddler area in the future with adjacent green space and shelter - (space and activities would be reduced if other plan is pursued)
- Full court basketball (up from existing 1/2 court)
- Full court volleyball with adjacent green space
- Three horseshoe pits with adjacent green space
- High school regulation size soccer field
- Green space and connected park spaces; great view into Town across park setting (instead of being interrupted by a larger bldg.) improves entrance experience into Town
- Retains views to mountains, across Alpenglow spectator area and from fields north of building
- Promenade across park, connects to Alpenglow Stage
- Setback assists in minimizing the building scale
- Increase in Alpenglow spectator area from 63,800 SF to 95,000 SF
- Connection to tennis courts and cohesive park setting on new park edge
- Two public restrooms, one at northwest corner of building and one at southeast
- Allows for continued use of old building while the new building is being constructed
- 2 additional youth soccer fields (U6; U12) at Rainbow Park

Beyond the proposed park benefits, the expanded Center would have multiple programs and resident partner organizations that would be located in the new building including the following:

- Crested Butte Dance Collective
- Crested Butte School of Dance
- Crested Butte Film Festival
- Art Studio of the Center for the Arts
- Piper Gallery
- The Trailhead Children's Museum
- Crested Butte Community School Enrichment Program
- Crested Butte Wine and Food Festival

Resolution 4, Series 2015 supporting the new location recommendation of Mundus Bishop has been prepared for the Council's consideration. Town Staff has prepared cost estimates for construction costs for park amenities for the Center in its current location as contemplated in Resolution 15, 2009 and the new proposed location. The overall budget for the entire Center for the Arts Project is estimated at 15 million.

The estimated costs of the site and park improvements for the two locations are as follows:

Current Location: \$500,000- \$600,000

Proposed location: \$800,000- \$900,000

Town staff is estimating the new proposal would increase the overall project cost by \$300,000- \$400,000. This represents a 2-3% increase in the overall project cost which would become part of the Center overall project cost.

Staff is preparing to reengage the Council on April 6<sup>th</sup> to discuss possible park funding initiatives. The proposed plan would be a lasting legacy for the entire community- blending park space with a world class community arts and music center, creating a flagship regional amenity. Park renovations would replace many outdated park amenities and provide additional recreational program space for our growing community, including soccer, baseball, and softball fields.

In either location scenario, the Center would likely come before the Council at a future date to request some combination of in-kind and cash contribution. If Council chooses to pursue the major renovations proposed, as in-kind contribution, Town staff would actively seek out additional funding by leveraging fund raising efforts by the Center for the Arts Board of Directors through applying for grants and possibly providing in-kind work such as utility relocations. Town staff is prepared to write grants for the project requesting funds from organizations such as GOCO, the Boettcher Foundation, DOLA, Trust for Public Lands, and other Art foundations. The Center is actively pursuing a fund raising goal of 15 million dollars to make this project a reality for our community and to achieve a project completion date targeted for 2017. Staff and the Center also recognize that any park initiative is tied to the parks funding question.

Staff would also be able to begin to strategize as to how to minimize the disturbance to recreational programming that would occur with the construction of the new center. The Center for the Arts is preparing to engage BOZAR in June to begin the design review process. A decision on the location of the new Center and amenities of Town Park are essential for future design work to continue as scheduled.

**Recommendation:**

Town Council may make a motion to “approve Resolution 4, Series 2015 supporting the expansion for the Center for the Arts based upon the recommendation of the Town’s Parks Planning Consultant, Mundus Bishop.”

**RESOLUTION NO. 4**

**SERIES 2015**

**RESOLUTIONS OF THE CRESTED BUTTE  
TOWN COUNCIL EXPRESSING SUPPORT  
FOR THE USE OF PUBLIC PROPERTY FOR  
THE PUPOSE OF EXPANDING THE CENTER  
FOR THE ARTS' FACILITIES**

WHEREAS, the Town of Crested Butte, Colorado (the "**Town**") is a home rule municipality, duly and regularly organized and now validly existing as a body corporate and politic under and by virtue of the Constitution and laws of the State of Colorado;

WHEREAS, Section 4.7 of the Crested Butte Town Charter provides that the Council may act, other than legislatively, by resolution;

WHEREAS, there is a desire for expanded arts facilities in Crested Butte, which such facilities should be sufficient to accommodate, among other things, performance theaters, outdoor concerts space, multipurpose community space, visual arts workshops and display space, office and administrative space and support space;

WHEREAS, on March 16, 2015, the Town's consultants, Mundus Bishop Design, Inc. ("**Mundus Bishop**") presented to the Town Council its recommended option for the location of the Center for the Arts' (the "**Center**") proposed expansion (the "**Project**") currently being considered by the Town;

WHEREAS, during such presentation, Mundus Bishop also presented to the Town Council its recommended options respecting the relocation of certain park and recreation amenities in both Town and Rainbow Parks in order to have a synergistic relationship with the Project;

WHEREAS, the Town staff has reviewed Mundus Bishop's options, and, based on these options, the Town staff recommends that the Project be relocated to a new location in Town Park;

WHEREAS, the Town staff recommends that, in connection with such relocation of the Project, the Town relocate certain park and recreation amenities in Town and Rainbow Parks; and

WHEREAS, based on the presentation by Mundus Bishop and Town staff's recommendation, as well as community input, the Town Council finds that the Center's relocation of the Project to a new location in Town Park, and the relocation of certain park and recreation amenities in both Town and Rainbow Parks in connection therewith, are in the best interest of the health, safety and welfare of the Town, its residents and visitors.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF CRESTED BUTTE, COLORADO, THAT:

(1) One location located on public property is appropriate at this time for the Project. Such location shall be as depicted as the “Building Zone” on Exhibit “A” attached hereto.

(2) The Town Council also finds that the Project shall be subject to the Center’s compliance with the following requirements:

(a) The new site placement must maximize green space in Town Park, provide additional soccer field space, allow for the expansion of a full size men’s softball field in Rainbow Park, update playground and park equipment, provide two outdoor accessible year-round restrooms and provide a new Center for the Arts that has a synergistic relationship with Town Park.

(b) The Center shall submit a business plan, reviewed by an independent entity showing that any expansion will be feasible and financially sound so as not to become a financial burden to the Town and its citizens. An adequate endowment shall be in place to assure the ongoing financial operating viability of the facilities. Revenues and ticket prices should be affordable for the community. Facilities should be phased in to reasonably accomplish the above standards.

(c) Any planned facilities shall be designed in a manner so as to be sensitive to the scale, historic context, aesthetics and community values of Crested Butte. The design shall include adequate parking to address the parking demands of the facilities without impacting residential neighborhoods. The facilities shall be readily accessible to transit, pedestrians, bikes and disabled users, and designed to minimize the ongoing energy cost of the facilities.

(d) Any community facilities displaced by new or expanded arts facilities shall be replaced in a new appropriate location.

(e) The public shall have the opportunity to comment on the design of the Center for the Arts’ facilities during the Board of Zoning and Architectural Review (BOZAR) process.

(f) The maintenance of the green space along Sixth Street from the south entrance to Crested Butte to Butte Avenue shall be a strong consideration.

(g) Existing adjacent uses shall be considered to avoid any potential conflicts.

(h) The soccer field shall continue to serve as an outdoor seating area for the outdoor stage for the Center for the Arts.

INTRODUCED, READ AND ADOPTED BEFORE THE TOWN COUNCIL OF THE  
TOWN OF CRESTED BUTTE, COLORADO THIS \_\_ DAY OF \_\_\_\_\_ 2015.

## Notes

- ① Park Circulation Routes need to be within Building Zone
- ② 1 (U10) or 2 (U6) - maybe 3
- ③ 1 (adult) or 2 (U12); plus 2 (U6)
- ④ 10 to 12 spaces plus drop-off
- ⑤ 78 spaces possible; 73 is best park experience
- ⑥ Day Care
- ⑦ Service lot may reduce parking numbers

# Staff Report

April 6<sup>th</sup>, 2015

**To:** Mayor and Town Council  
**Thru:** Todd Crossett, Town Manager  
**From:** Janna Hansen, Parks and Recreation Director  
**Subject:** Big Mine Park Master Plan Project - Conceptual Site Plan Update

---

**UPDATE:** The third Community Work Session for the Big Mine Master Plan was held on Monday, March 30<sup>th</sup> and was attended by more than 50 community members. Mundus Bishop presented the community with four alternatives for conceptual site plans and facilitated a dynamic public input process. The public input process revealed multiple common themes that the steering committee will pursue into the next phase of the master planning process. These themes include:

- An overwhelming desire for the Nordic Center and hockey facilities to be split into two separate buildings.
- A desire to expand the Sled Hill to create a safer environment for sledding.
  - The expansion of the Sled Hill and the proposed location of a hockey building would require the relocation of the skate park. Per Council request at the May 16<sup>th</sup> Town Council meeting, alternative locations in the Rainbow Park area are being vetted. Utility locates will be called in once the snow melts. The locations of major utilities will be a determining factor in the recommendation submitted by Town Staff for the proposed new location of the skate park.
- A desire to keep the bus route in its current location on the corner of 2<sup>nd</sup> and Whiterock and use the bus pullout area for additional parking.
- A desire to expand the “Open Lawn Space” to the east to create a larger Nordic teaching area in the winter.
- A desire to pay homage to Crested Butte’s mining history through interpretive walks and historic architectural design elements.

**NEXT STEPS:** Mundus Bishop will use this information to develop preferred alternatives that will be brought to the community and Town Council in May. Once a new location for the Skatepark is determined, Team Pain will create a draft design for a future new park based upon public input received at the January 15<sup>th</sup> community work session. A preferred park plan will be derived from these alternatives and will come before the Council in June. An implementation plan, floor plans and elevations for all structures with associated square footage costs will be developed in July and August, and the final master plan document is expected to be completed in August of 2015.

## VISION:

**Big Mine Park will be a premier regional park destination, offering year-round recreational facilities with activities and programming for all seasons. This engaging park destination will evoke the historic mining character of the Big Mine site, and meet the passive and active recreational needs of our growing, dynamic community. Big Mine Park is important to the community due to its historical significance, its location in an area not well represented with park space, and its unique mix of regional recreational amenities. The park design will merge the natural and historical qualities of the site with new and improved recreational experiences to enhance quality of life, improve economic vitality, and engage all.**

## GOALS:

1. Create a year-round regional park that reflects the character, and active nature of the community. Create a park hub destination that offers a variety of passive and active recreational activities for all seasons to promote healthy lifestyles, and to accommodate youth, adults, families, and users of all abilities and all ages.
2. Educate the community and visitors on the coal mining history of the Town and the site by revealing in-situ historic resources and patterns, and interpreting non-extant historic features and connections to other historic mining sites.
3. Connect Big Mine Park to the Town of Crested Butte, and the larger community with safe and engaging routes for pedestrians, hikers, bicyclists, families, Nordic skiers, snowshoeing, bus riders, and vehicles.
4. Engage park users in a safe park that meet the recreational needs of youth, adults and the entire community, in facilities that meet or exceed safety standards set forth by the parks and recreation industry, pertinent sports leagues, and known best practices.
5. Upgrade and improve the site's infrastructure, and utilities to meet Big Mine Park's recreational and facility needs and demands. Create new additions and modifications to be compatible with the Town's historical mass and scale, and to build upon its rich historical character.
6. Implement proposed improvements with on-going community input at key stages, in respect to fiscal realities, and in accordance with the prioritized implementation strategy of projects and phasing developed with public input. Continue to apply long term vision to short term needs.
7. Engage partners and create new partnerships to sustain and implement the master plan vision.
8. Ensure that all recreational amenities are accommodated either on-site, or within a complementary park or open space within the Town. Through phasing of improvements, current amenities will be enhanced and supported with planning for future needs.
9. Create a park space using a sustainable approach that highlights the natural qualities of the site, and respects its natural features such as wetlands and forests, and manage the park in a sustainable manner. Avalanche control Monitor environmental risks and mitigate those risks through appropriate irrigation, weed control and use of native plants where appropriate.

March 2015

## Winter Program

## Pros and Cons

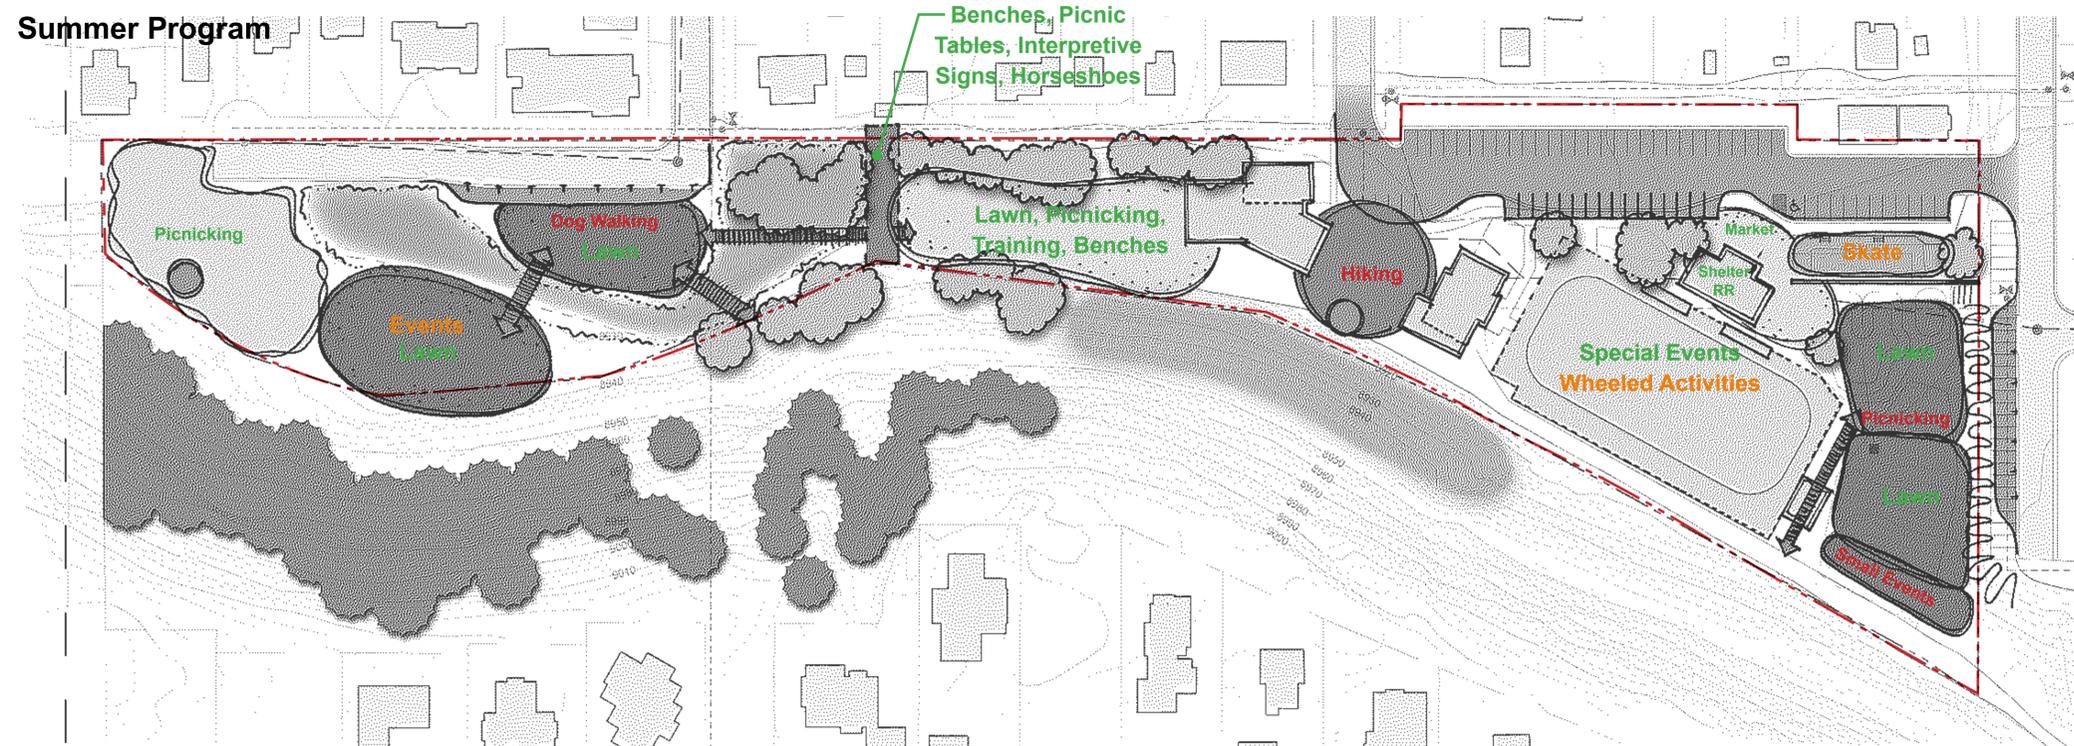

### Pros:

- Great park entrance and greeting from 2nd Street
- Broad mix of seasonal uses
- Great relationship between buildings and adjacent structures
- Welcoming & accessible park space at west side
- Connectivity between east and west sides of the park
- Tipple Plaza provides gathering space and activates the park core
- Enhanced rink visitor experience

### Cons:

- Sledding hill and skate park are somewhat limited in their potential

## Summer Program

## Program

### Off Site Program:

- Approximately 6,500 sqft of skate park
- Disc golf course

### Parking:

- Existing parking spaces: 47 (1 ADA);
- Proposed parking spaces: 70 (2 ADA);
- Net gain: 23 spaces (1 ADA)
- Existing bus parking: 2 spaces;
- Proposed bus parking: 0 spaces - Loss of on site bus parking
- Improved drop-off area

## Winter Program

## Pros and Cons

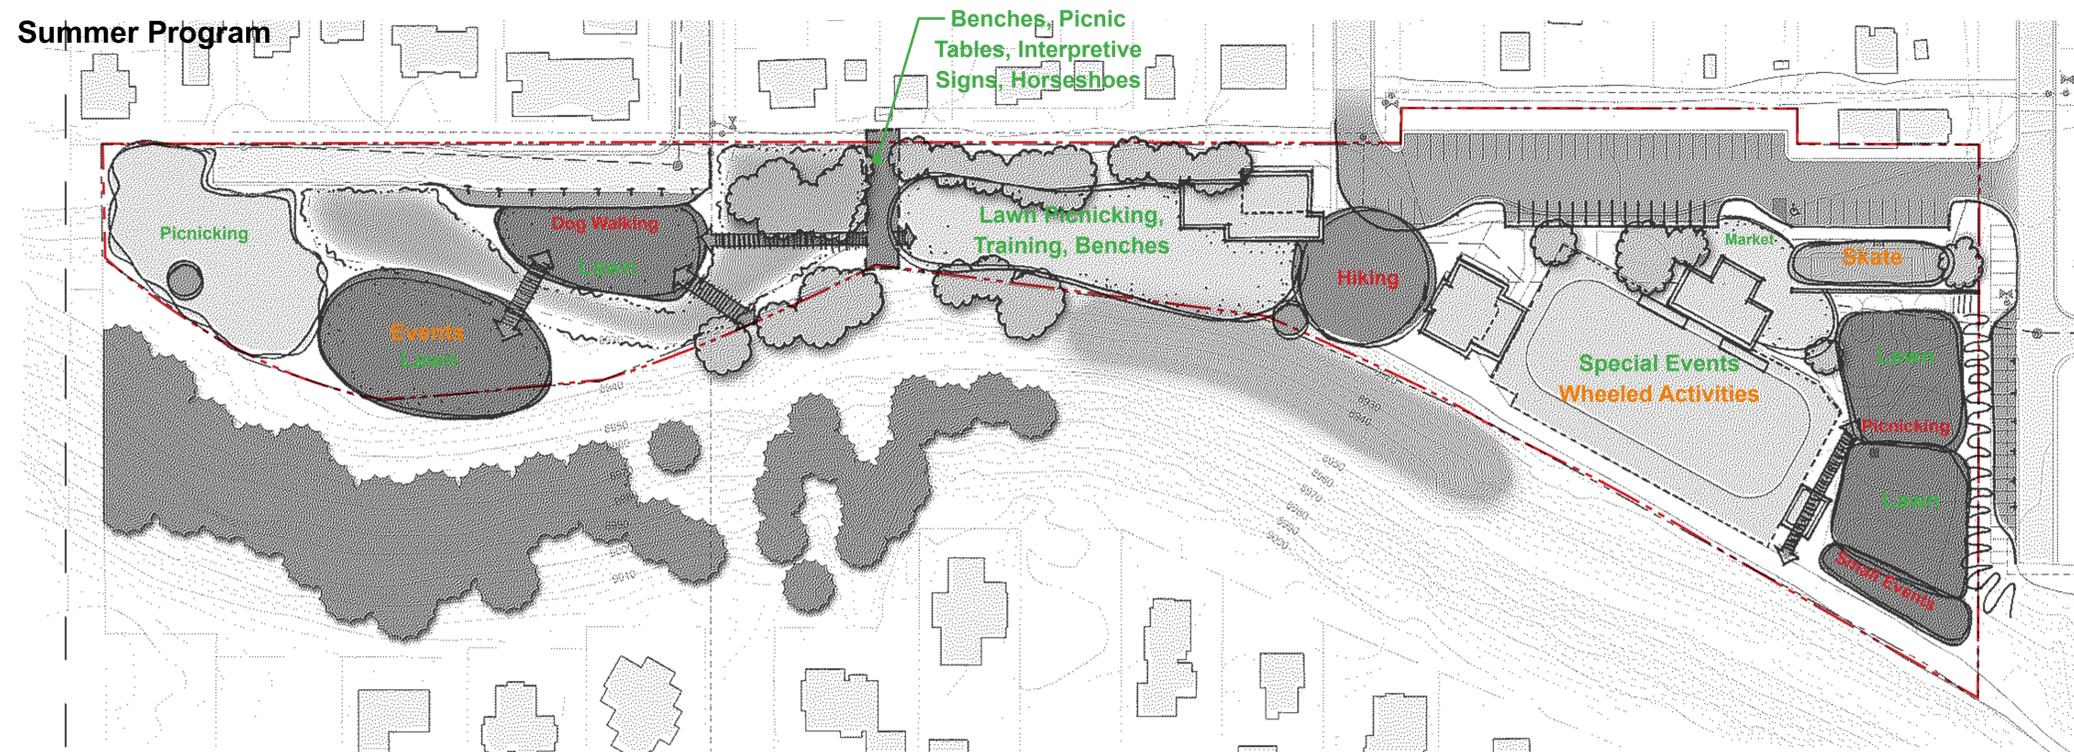

### Pros:

- Building focal point provides park entrance and greeting from 2nd street
- Converted cat barn functions as premier, multi-season, park shelter
- Premier maintained and natural green space
- Opportunity for small adjacent program use such as a kids nature play environment
- Functional natural open space and opportunity for exploration and views at west side
- Maximized potential for historical / interpretative walk and memorial which provides primary connectivity through park
- Warming house oriented to entice sledders of all ages and welcome users to the park from Belleview and 3rd street
- Sloped area at east end provides a wonderful grass bowl for gathering and small events
- Maximized parking for park use with head in parking along 3rd street
- Enhanced rink visitor experience

### Cons:

- Building mass & scale are consolidated
- Skate park and sledding hill are limited
- Limited bus drop off

## Summer Program

# BIG MINE PARK

Town of Crested Butte, CO

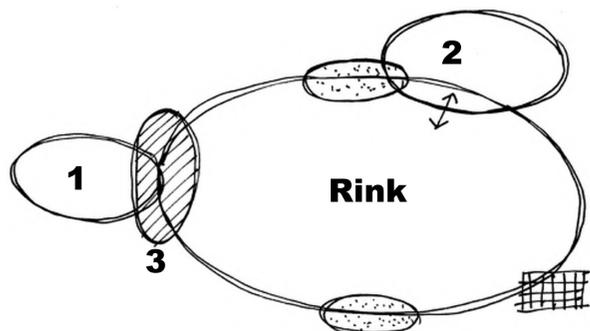

March 2015

## Winter Program

## Pros and Cons

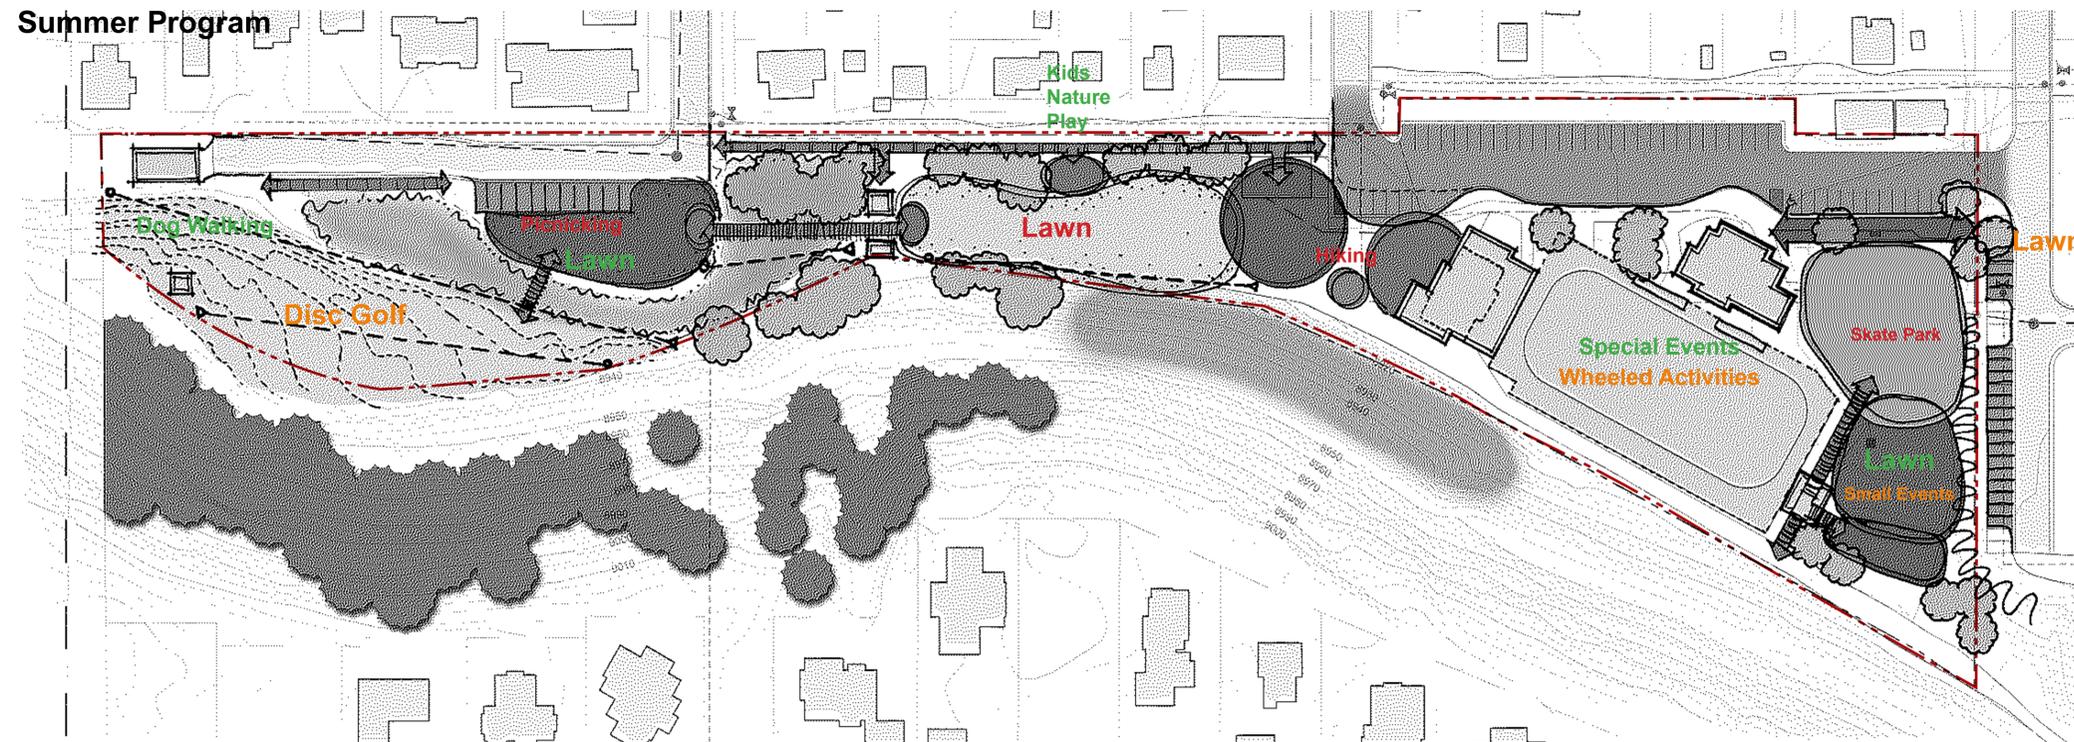

### Pros:

- Focal alignment from 2nd street provides park entrance into gathering space, trailhead, enhanced park space
- Great creation of active and passive spaces and park "moments"
- Opportunity for additional program use such as a kids nature play environment or memorial at park core.
- Great sledding hill destination
- Pristine natural open space and overlook shelter at west side
- Maximized use of east end to contain the entire enhanced sledding program
- Great potential for historical / interpretative walk and memorial which provides primary connectivity through park
- Park users are met with a welcoming green space and entrance at 3rd street corner
- Hockey facilities are centrally related to the rink and provide at grade entrance to rink activities.
- 4 hole disc golf course can activate west side in summers

### Cons:

- Relationship between parking, hockey and rink is rather congested and leaves little area for park green space
- Skate park is moved off site

## Summer Program

## Program

### Off Site Program:

- Full 10,000sf Skate Park program
- Full 18 hole disc golf course (or connection to dispersed Town course)

- Existing parking spaces: 47 (1 ADA);
- Proposed parking spaces: 71 (2 ADA);
- Net gain: 24 spaces (1 ADA)
- Existing bus parking: 2 spaces;
- Proposed bus parking: 2 spaces – no change

## Concept C - Seasonal Overlay

MUNDUS BISHOP

## Staff Report April 6, 2015

**To:** Mayor and Town Council  
**Thru:** Todd Crossett, Town Manager  
**From:** Bob Gillie, Building and Zoning Director  
**Subject:** **Revocable license to allow micro piles in 1<sup>st</sup> Street and alley adjacent to 308 1<sup>st</sup> Street, Resolution Number 5, Series 2015**  
**Date:** April 1, 2015

---

**Summary:** The property located at 308 1<sup>st</sup> Street, the south half of lots 14, 15, and 16, Block 20, has requested that they be granted a revocable license to place micro piles on the town rights of ways in 1<sup>st</sup> Street and the alley in block 20 in order to facilitate the construction of a basement under the historic house.

**Previous Council Action:** This request is similar the one that was granted to the project at 202 Elk Avenue, Ice House LLC.

**Background:** The new norm seems to be that people desire to construct basements under historic properties that are located on the property lines. In order to excavate the basements it is necessary to stabilize the site with drilled in micro piles since there is no room to dig 10-16 foot deep basement excavations and the associated trench lay backs of 2:1 without totally disrupting existing right of ways and utilities. In order to keep the actual structures on their historic footprints, on or near the property lines, it is necessary to place the micro pile shoring on the right of way. The top of the micro piles will be below grade by 6-12 inches.

**Discussion:**

Pros – The construction of basements seems to be necessary to attract the investment that is needed to rehabilitate some contributing historic buildings. Rehabilitation is desirable from the Town's perspective.

Cons- The encroachment of shoring into the Town right of ways effectively eliminates from Town use two feet of the affected right of ways for utility placement. In this particular case the placement of micro piles will cause the alley in block 20 to be closed for a period of time. Given that there is also construction at the other end of the alley there may be some temporary inconvenience. A right of way permit will be negotiated between the proponent and Town staff to try and minimize the dislocation.

**Legal Implications:** Legal, indemnification, and insurance provisions are address in the revocable license agreement.

**Financial Implications:** None.

**Recommendation:** Staff recommends that Resolution Number 5, series 2015 be approved.

**Proposed Motion:** I move to approve Resolution Number 5, series 2015.

**RESOLUTION NO. 5**

**SERIES NO. 2015**

**RESOLUTIONS OF THE CRESTED BUTTE TOWN COUNCIL AUTHORIZING THE GRANT OF A REVOCABLE LICENSE TO MARCY TRENT LONG AND FREDERICK JOHNSON LONG TO ENCROACH INTO THE FIRST STREET PUBLIC RIGHT OF WAY ADJACENT TO THE SOUTH 1/2 OF LOTS 14, 15 AND 16, BLOCK 20, TOWN OF CRESTED BUTTE**

WHEREAS, the Town of Crested Butte, Colorado (the "**Town**") is a home rule municipality duly and regularly organized and now validly existing as a body corporate and politic under and by virtue of the Constitution and laws of the State of Colorado;

WHEREAS, the Town staff has recommended to the Town Council that it grant a revocable license to encroach in the First Street public right of way adjacent to the South 1/2 of Lots 14, 15 and 16, Block 20, Town of Crested Butte, to the owners thereof Marcy Trent Long and Frederick Johnson Long; and

WHEREAS, the Town Council finds hereby that granting a revocable license to encroach in the First Street public rights of way adjacent to the South 1/2 of Lots 14, 15 and 16, Block 20, Town of Crested Butte, to the owners thereof, Marcy Trent Long and Frederick Johnson Long, is in the best interest of the Town.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF CRESTED BUTTE, COLORADO, THAT:

1. **Findings.** The Town Council hereby finds that granting a revocable license to encroach in the First Street public rights of way adjacent to the South 1/2 of Lots 14, 15 and 16, Block 20, Town of Crested Butte, to the owners thereof, Marcy Trent Long and Frederick Johnson Long, is in the best interest of the Town.

2. **Authorization of Mayor.** Based on the foregoing, the Town Council hereby authorizes the Mayor to execute the "Revocable License Agreement" in substantially the same form as attached hereto as **Exhibit "A."**

INTRODUCED, READ AND ADOPTED BEFORE THE TOWN COUNCIL THIS \_\_\_\_ DAY OF \_\_\_\_\_, 2015.

TOWN OF CRESTED BUTTE

By: \_\_\_\_\_  
Aaron J. Huckstep, Mayor

ATTEST

\_\_\_\_\_  
Lynelle Stanford, Town Clerk

(SEAL)

**EXHIBIT "A"**

**Revocable License Agreement**

[attach approved form here]

**RECORDING REQUESTED BY:**  
**WHEN RECORDED RETURN TO:**  
Town of Crested Butte  
Attn: Town Clerk  
507 Maroon Avenue – P.O. Box 39  
Crested Butte, CO 81224

**REVOCABLE LICENSE AGREEMENT**

**THIS REVOCABLE LICENSE AGREEMENT** (this “Agreement”) is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2015, by and between the TOWN OF CRESTED BUTTE, COLORADO (“Licensor”), a Colorado home rule municipality with an address of 507 Maroon Avenue, P.O. Box 39, Crested Butte, CO 81224 and MARCY TRENT LONG and FREDERICK JOHNSON LONG (“Licensee”) with an address of 485 Madison Avenue, Floor 18, New York, NY 10022-5861.

**RECITALS:**

A. Licensee is the fee title owner of certain real property more particularly described as:

The South ½ of Lots 14, 15 and 16, Block 20, TOWN OF CRESTED BUTTE, County of Gunnison, State of Colorado,

commonly known as 308 First Street, Crested Butte, CO 81224 (the “Premises”).

B. The Premises is bound by that certain public right of way known as First Street (the “Public Property”).

C. Licensee has requested the right to construct and install, and keep and maintain certain improvements in the Public Property.

D. The Town is willing to allow Licensee to keep and maintain such improvements in the Public Property, subject to certain conditions and requirements.

**NOW, THEREFORE**, for and in consideration of the covenants, terms, conditions and requirements set forth herein, the sufficiency of which are hereby acknowledged by the parties, the parties agree as follows:

## **AGREEMENT:**

1. **Grant of License.** Licensor hereby grants to Licensee and its successors in interest a revocable license (the "License") to construct, keep and maintain the improvements as described in **Exhibit A** (the "Improvements") attached hereon the Public Property in the location set forth on **Exhibit B** attached hereto.

2. **Permit for Construction and Maintenance.** Licensee shall obtain permits from the Town pursuant to Chapter 11, Article 2 of the Crested Butte Municipal Code relative to all construction, installation and maintenance activities relative to the Improvements.

3. **Term of License; Revocation.**

3.1 The License shall exist and continue until the happening of either the following events, which such event shall automatically terminate and extinguish the License:

(a) The Improvements are demolished, removed or damaged by fire or other casualty such that such Improvements cannot be reasonably repaired in their present location; or

(b) The Town Council finds at a regular, public meeting that (i) the Improvements must be removed in order to make the Public Property available for public use or for such other reason as determined by the Town Council in its sole discretion, or (ii) Licensee is in default of this Agreement.

3.2 The License is made subordinate to the right of Licensor to use the Public Property for any public purpose, including, without limitation, public pedestrian uses, surface and subsurface improvements and public utilities. In addition to Licensor's revocation rights set forth in Section 3.1, Licensee agrees that if Licensor subsequently determines to, without limitation, install, modify or change the grade of any street or sidewalk, or to modify, repair or install any underground utility, or to effect any other area of the encroachment by the Improvements, then the License hereby authorized must be modified and the Improvements removed completely or otherwise relocated to a location acceptable to Licensor, and the Public Property shall be restored to its preexisting and/or unobstructed condition to the satisfaction of Licensor at Licensee's sole cost and expense. Licensor's decision as to the necessity of such public use, occupancy or improvements shall be final and binding upon Licensee.

4. **Assumption of Risk.** Licensee assumes the risk of damage to the Improvements and agrees to repair any damage to the Public Property, Licensor

property and any third party's property arising from or relating to Licensee's use of the Public Property. Additionally, Licensee assumes all risk of damage to property or injury to persons, including death, in connection, whether directly or indirectly, with the License and the Improvements. In the event of any such damage or injury, Licensee agrees to pay all costs related thereto, including, without limitation, reasonable attorneys' fees.

**5. Indemnification.** By execution of this License, Licensee, for themselves, their heirs, representatives, successors and assigns, hereby agree to indemnify, defend and hold harmless Licensor, its elected officials, employees, contractors, agents, insurers, insurance pools and attorneys, against any and all claims, suits, damages, costs, losses and expenses, including reasonable attorneys' fees, in connection with any personal injury, including death, or property damage, arising out of or connected in any way with, whether directly or indirectly, the License, Licensee's use of the Public Property and the Improvements.

## **6. Insurance.**

6.1 At its sole cost and expense, Licensee shall obtain and keep in force from the date first written above until the Improvements are removed or relocated from the Public Property "all-risk" property coverage naming Licensee and Licensor as their interests may appear.

6.2 At its sole expense, Licensee shall obtain and keep in force from the date first written above until the Improvements are removed or relocated from the Public Property commercial general liability insurance with a combined single limit of not less than \$2,000,000.00 for injury to or death of any one person, for injury to or death of any number of persons in one occurrence, and for damage to property, insuring Licensee and Licensor, including, without limitation, coverage for contractual liability, broad form property damage and non-owned automobile liability, with respect to the Public Property. The insurance shall be noncontributing with any insurance that may be carried by Licensor and shall contain a provision that Licensor, although named as an insured, shall nevertheless be entitled to recover under the policy for any loss, injury, cost or damage to Licensor, or the property of the same.

6.3 All insurance required herein and all renewals thereof shall be issued by companies authorized to transact business in the State of Colorado and rated at least A+ Class X by Best's Insurance Reports (property liability) or otherwise approved by Licensor in writing. All insurance policies shall be subject to approval by Licensor as to form and substance, shall expressly provide that the policies shall provide that no act or omission of Licensor that would otherwise result in forfeiture or reduction of the insurance shall affect or limit the obligation of the insurance company to pay the amount of any loss

sustained. Licensee may satisfy its obligation under this Section by appropriate endorsements of its blanket insurance policies.

6.4 All policies of liability insurance that Licensee is obligated to maintain according to this Agreement (other than any policy of workmen's compensation insurance) shall name Licensor as an additional insured. Originals or copies of original policies (together with copies of the endorsements naming Licensor as an additional insured) and evidence of the payment of all premiums of such policies shall be made available to Licensor on the date first written above. All public liability, property damage liability and casualty policies maintained by Licensor shall be written as primary policies, not contributing with and not in excess of coverage that Licensor may carry.

6.5 The parties waive all rights to recover against each other, or against the elected and appointed officials, employees, contractors, agents, advisors, attorneys, insurers, insurance pools, shareholders, directors, members, managers, officers, suppliers, agents or servants of each other, for any loss or damage arising from any cause covered by any insurance required to be carried by each of them. Licensee shall cause its insurer to issue an appropriate waiver of subrogation rights endorsements to all policies of insurance carried in connection with Licensee's operations and Licensor's operations and property.

7. **Licensee Obligations upon Revocation; Remedies.** Upon notice to Licensee of the Town Council's decision to revoke this License, the Improvements must be promptly removed. In the event that the Improvements are not so removed by Licensee, Licensor may remove the Improvements and restore the location to its original condition at Licensee's sole cost and expense. In such case Licensor shall have no responsibility for damage to the Improvements or Licensee's other property, whether personal or real property, located on Public Property and the Premises. Licensee shall immediately reimburse Licensor such costs and expenses incurred by Licensor in such removal. Licensor shall have the right to make an assessment against the Premises and collect the costs of removal and restoration in the same manner as general taxes are collected under State and local laws. Such rights shall be in addition to any rights available at law or in equity. All remedies may be applied concurrently and not to the exclusion of any other remedy. In the event of any legal action or advice necessary to execute such removal, Licensee shall pay Licensor all reasonable costs and expenses in connection therewith, including, without limitation, reasonable attorneys' fees.

8. **Responsibility for Maintenance; Damage to Improvements.** Licensee assumes and accepts sole responsibility for the maintenance and upkeep of the Improvements, which shall be performed only upon receipt of permits from Licensor as required by applicable law. Further, Licensor shall not be liable for any damage to the Improvements caused by Licensor's operations, including,

without limitation, snow removal, street or alley maintenance, street or alley repairs and improvements and utility installation, maintenance and repairs.

9. **No Assignment.** This Agreement and the License granted hereunder shall not be assignable or transferable by Licensee without Licensor's prior written consent; provided that, Licensee may transfer Licensee's property without first obtaining consent from Licensor and the rights and obligations contained under this License shall inure to Licensee's successor in interest without further action by the parties of such successor in interest. Failure to obtain Licensor's consent to such assignment or transfer as required shall make such assignment or transfer void *ab initio*.

10. **Subject to Laws.** This License is subject to all State and municipal laws as they now exist or may hereafter be amended.

11. **Licensee Representations.** Licensee represents and warrants that: (a) they have full power and authority to execute, deliver and perform their obligations under this Agreement; (b) the individuals executing this Agreement have the full power and authority to do so; and (c) the Agreement does not violate any other obligation of Licensee.

12. **Notices.** All notices required pursuant to this Agreement shall be deemed served upon depositing a certified letter, return receipt requested, in the United States mail, addressed to the party being served with such notice at the addresses set forth above, unless a request to mail to a different address is provided in writing to the other party.

13. **Prevailing Party.** In the event of any dispute between the parties in connection with this License, the non-prevailing party shall pay the prevailing party all costs and expenses, including, without limitation, reasonable attorneys' fees, costs and expenses, incurred in such dispute.

14. **Entire Agreement; Amendment.** This Agreement represents the entire agreement of the parties respecting the subject matters addressed herein. This Agreement may be amended only in writing by properly executed agreement.

15. **Successors and Assigns.** The rights and obligations of the parties shall inure to the benefit and burden to the parties' successors and permitted assigns.

16. **No Waiver.** No waiver by either party of any breach of, or of compliance with, any condition or provision of this Agreement by the other party shall be considered a waiver of any other condition or provision or of the same condition or provision at another time.

17. **Photo-static Copies.** For purposes of enforcement of the terms hereof, photo-static reproductions shall be deemed to be originals.

18. **Costs and Expenses Reimbursement.** Licensee shall pay all of Licensor's costs and expenses, including reasonable attorneys' fees, incurred by the Licensor in granting the rights set forth in this License, Licensee acknowledging that Licensee requested the License and accepts this obligation as a material condition to Licensor granting the rights hereunder.

**Future Worksession Items:**

- Cemetery Committee (Update and planning future work)
- Camping @ Town Ranch (allow? Not allow? Allow camping in other places?)
- BLM and OBJ Campground/Seasonal Housing Shortage (this could be combined with others – especially the Affordable Housing item at the bottom of this list)
- CBMBA and Trail priorities/signage (basically – what is the future plan for new trails/existing trail completion in the valley? What should be our priorities as a Council?)
- Perimeter Trail – Update, timelines, costs, what does this look like when finished
- Land Trust and Town Preservation Priorities – basically a joint planning/discussion with the CBLT (maybe in Exec Session if they would like) to confer on the priority parcels identified by the CBLT and the priorities of the Town (for planning future open space acquisitions). Maybe even a discussion about purchasing trail easements.
- Elk Avenue Rule Set re: Private Clubs – the whole “private clubs on Elk Avenue” concern that was raised when Irwin obtained a private liquor license for the Scarp Ridge Lodge.
- What do we want to become? – or said differently, follow-up planning process for the Whatever USA
- Affordable Housing/Density/Workforce – Blk 79/80 – Discussion of the question “how do we deal with the shortage of employees from the 2014 summer? What should we expect in 2015 and how will we address another shortage?”

Hi Suzanne,

Thank you for your email and for sharing your thoughts regarding the Big Mine Park Master Plan. I am copying Town Clerk Lynelle Stanford on this email so that your comments can become part of the Council's record on this matter. I appreciate your input and will make sure Council receives a copy of your email before the April 6 meeting.

Best Regards,

Aaron J. Huckstep ("Huck")  
Mayor, Town of Crested Butte  
Direct: (970) 349-2009  
Town Hall: (970) 349-5338

**From:** Suzanne P. [<mailto:suzanne@metawealth.net>]

**To:** Janna Hansen  
**Cc:** Aaron Huckstep  
**Subject:** Big Mine Park Master Plan

Dear Mayor Huck and Town Council,

I'd like to go on record in support of Plan C in the Big Mine Park Master Plan.

I agree with the Nordic Center Board and Gray Hares.

I'm appreciative of all the work the hired planners, [Mundus-Bishop](#), have done to help our community have full transparency and input.

Plan C is the superior Concept. I like the expansion of sq. footage and certainly to keep the Cat Barn close to the Center.

CB Nordic is yet another of what I have titled (Hah, I have "The Power" to crown!) a "TOWN JEWEL", yet another organization that brings great pride to our community with its professionalism, expertise in the industry, and elegance of operations plus the revenue to our Town and education and fun for the participants.

Visitors come from all over the world to enjoy our CB Nordic facilities, I can't count the ways it enhances our town. Therefore it makes sense to me to support the well-conceived PLAN C and the current Nordic Board to make this the BEST Center it possibly it can be.

Please approve Plan C.

Thanks,

Suzanne Pierson

cathyanderic@earthlink.net

Dear CB Council,

First let me say, thank you for all the time and energy you give to our community.

Here are my comments regarding the transportation options for Sixth St. & Red Lady.

I am definitely not in favor of a Round-about at that location, or any other location in Crested Butte.

It is not cost effective to spend almost 1 & 1/2 million dollars, at tax payer expense, when there are other options that would cost the tax payers almost nothing!

In my experience Round-about have not been pedestrian or vehicle friendly, no matter what the "experts" say. It is with dread when my husband and I have to use one when we visit family in NJ.

I think we all agree that the current intersection at 6<sup>th</sup>, 7<sup>th</sup> and Red Lady, is a total disaster. This plan was ill conceived by "transportation planners" in the 90's, designed to solve the same problem we're looking at again. It was supposed to fix the problem but has only made it worse. There is no guarantee that an expensive round-about won't also be a problem instead of a solution.

Be careful Council what you wish for...

There are times we all have champagne dreams we can't afford, this one at least has viable options.

Thank you for taking the time to hear my comments.

Cathy

 3/31/15

Hi Diana,

Thank you for your input. I am copying Town Clerk Lynelle Stanford on your email so that your comments become part of the Council's record on this matter. I appreciate your sharing the experience in Carlsbad!

Best Regards,

Aaron J. Huckstep ("Huck")  
Mayor, Town of Crested Butte

**Subject:** Roundabouts

I am pleased with the planning that is being made on improving our traffic in Town. And I am pleased with the forward-looking vision.

When I served on the Transportation Committee back in the 1990's we discussed roundabouts. The main drawback of roundabouts voiced at that time was a concern for pedestrian/bike safety.

While in California for the past two months, my daily walk was along 'the 101', i.e. Highway 101. :) A busy thoroughfare. A new roundabout had been installed this past year at the point where traffic left Oceanside and entered Carlsbad.

Traffic significantly slowed.

The foot/bike traffic crossings were offset from the vehicle traffic in the circle. Bike lanes merged into the pedestrian sidewalks before both entered the roundabout area, so both bikers and pedestrians were removed from vehicular traffic. And for me, walking, I felt totally safe.

Additionally, the roundabout with flowers and other plantings, a sculpture and all those curvy lines, made a lovely entrance to Carlsbad.

Over and over I would picture a similar setup at the bottom of the hill entering CB - the welcome sign, plantings with flowers in the summer (snow storage in the winter), bike/pedestrian lanes crossing outside the vehicle flow, and all those tourists, slowing down, relaxing into the CB ambiance.

I live next to the school, so have a good feel for the traffic situation here.

I would not like to see the Town spend the money on turn lanes at Red Lady and 135 as that seems to be only a temporary fix. Wasted money. Better to spend more money now, and not have to redo the intersections.

I think that 'suicide' lanes are not a good idea in CB as the road surface, where the lanes are painted, are not easily visible in the winter, what with the snow and with the lines fading each winter.

Sorry to be so long-winded.

Thank you for all you do to keep our Town wonderful.

Diana Graves  
718 Ninth Street  
CB

**From:** Eric Molloy [<mailto:molloy.eric@gmail.com>]  
**Sent:** Sunday, March 22, 2015 1:30 PM  
**To:** Michael Yerman  
**Subject:** Regarding the roundabout plan in the paper

Hi Michael,

I'd rather spend the money for a roundabout one time because I believe it'll offer better transportation equity than a stop light. With a stop light, we've got to consider all of the costs: electricity, light maintenance, bus maintenance, and the fact folks may still have to come to a complete stop.

Let's carefully vet this roundabout plan to make sure we do it world-class.

I'm also for considering implementing a pedestrian bridge with bench seating which would connect both bus stops at the four-way. Less ped traffic on the road = less distractions and less stop-and-go = cleaner air. Bench seating is an obvious opportunity to offer another good view on the public dime.

Please send over a high resolution copy of the roundabout plan seen on page 9 of the March 20 page if you've got one.

Once we win the town lottery I think these intersections should also be considered for roundabouts:

- Elk and 6th
- Gothic and 6th
- Mountaineer Square @ Gothic Road / bus gates

Thanks for your time!

Eric Molloy

**Subject:** Roads/Traffic/Parking/Move the Post Office

Good Morning,

The old saying that the nice thing about living in a small town is that when you don't know what you're doing, you can be sure someone else does! That saying doesn't hold true for Crested Butte anymore. Those days are gone for good.

I have been reading and hearing about the road transformations. Just to give some input, I think roundabouts are a great idea.. the sooner the better! Two of them, one by the school and one at the four way? At least one by the school. Great idea.

It used to be cute that the only way over to Butte Ave., etc. was via. 1st or 2nd street, but it's not cute anymore, and I know people who live over there and even they are annoyed with Elk Ave being the only way to get over there in the summers. It is a good idea to open up Butte Avenue with access to Hwy 135. Just my inpyut.

There are over 6,000 full time residents north of round mountain. 3,000 post office boxes. Why has no one mentioned **moving the post office** over to the new annexation?? Moving the post office would help out tremendously with the Elk Ave. traffic problem. What about moving the post office over to that empty yellow building on 6th street by the Gas Cafe? Who do we need to speak with about moving it? I know a new person just bought "the post office building", but I'm sure he won't have any trouble renting it or remodeling it and selling it.

Also, a new high school will be necessary probably by 2020? 2025 at the latest. Any plans?

Thanks, just giving input.

Tricia Kubisiak

PS: Did you know that Montrose is the 5th fastest growing retirement community in the country? The size is supposed to triple by 2020. That's 5 years. What about us? Right now at least 6,000 people. Plus another 6,000 homeowners in the summers only, Plus another 10,000+ visitors per day all summer.... I would not put off the road improvements. The sooner, the better :)

Hi Bobby,

Thank you for your email and for sharing your personal experience with the issue of Affordable Housing. I am copying Town Clerk Lynelle Stanford on this email so that your comments can become part of the Council's record on this matter. As you may have read, Affordable Housing is a continuing priority for the Council, for Town and, as you mention, for the greater community.

Best Regards,

Aaron J. Huckstep ("Huck")  
Mayor, Town of Crested Butte  
Direct: (970) 349-2009  
Town Hall: (970) 349-5338

**Subject:** Affordable Housing/Long-Term Rentals

Huck, Jim and Colleagues,

I am writing to comment on the current state of affordable housing/long-term rentals in Crested Butte and the valley in general.

As you probably know, my wife and I own the new cooking store on Elk Avenue. We have two great employees who work hard day-in and day-out to serve our customers, locals and tourists alike.

This last week one of them confided in me that she was having a very difficult time finding housing for the summer. She currently long-term rents a home with her boyfriend in Almont that turns to a short-term rental in the summer months. Thus they are looking for a new place to live.

I realize the council does not govern Almont, however, I think her situation demonstrates the fact that affordable housing/long term rentals is not just a problem in Crested Butte but the entire valley.

If she is not able to find housing for the summer and has to move on, this will have a significant negative impact on our Elk Avenue business. She is an excellent staff member who I am working hard to assist in finding housing so she will stay in Crested Butte and at the store. We are paying a very good wage, however, this does not help if no housing is available.

Please keep the issue of affordable housing/long-term rentals at the top of your agenda. I realize the Coburn project is due to start soon and utilities are being installed on the east end of town this summer. However, we are likely behind the curve and are going to experience difficulty in retaining our local workforce unless additional fixes are put in place soon.

Thank you for your consideration,

Bobby Maxwell

### CFTA Expansion Proposal

Dear Mayor Huck,

I am absolutely thrilled and impressed with the Center for the Arts Expansion Plan proposal. It makes total sense to me and I'm 100% asking for Town Council approval.

Heads turn to the Park rather than to businesses on the opposite side. What do we see? This first impression is important. Anyone who enters our town can't miss seeing our citizens packing the premises, cheering on teams, hugging friends, dancing to music, biking, adoring their children, and noting the pleasant life Buttians lead. But they see a CFTA that sorely needs a "re do"! How about making this an amazing facility not just a cosmetic quickie? Let's make a glorious green space. The Expansion Plan is a once in a lifetime opportunity to make the entrance to CB more grand and uplifting, so our visitors will depart feeling something extraordinary has touched their lives, too.

The new expansion plan is awesome in that it IMPROVES everything we can see and do in the Town Park! How can anyone be against this kind of thoughtful growth? To move sports fields over to

Hi Mel,

Thank you for your email and  
for sharing your thoughts regarding the proposed Big Mine Park concept plans. I am copying Town Clerk Lynelle Stanford on this email so that your comments can become part of the Council's record on this matter. I appreciate your input and will make sure Council receives a copy of your email before the April 6 meeting.

If you have specific opinions beyond the proposals discussed last night, please do not hesitate to send them to me or any other Council member by email or in person. Council hasn't even discussed the proposals, so no decision is imminent. There is still plenty of time to voice your opinion.

As  
an aside, I find the name-calling (as in "stupid"  
below) to be inappropriate and offensive. This type of criticism does little to promote a sense of community in Crested Butte. You are welcome to communicate with your elected officials via email, on any topic, at any time, but please be respectful in your comments. If you are that upset and disappointed in your Council, hopefully you will decide to run for office in November.

**From:** Les Choy <elch55@yahoo.com>  
**Sent:** Tuesday, March 31, 2015 11:19 PM  
**To:** Lynelle Stanford  
**Subject:** Proposed Center For the Arts expansion

I am in favor of the proposed expansion of the CB Center For The Arts. It has proven its value and importance as a quality venue to promote and showcase local and visiting artists during nearly 30 years of continuous operation.

The current demands have outgrown the original bare-bones facility. Needed improvements include an upgraded infrastructure to accommodate the increasing role of the arts as an economic and social driver in the community. Allowing the proposed expansion also shows a commitment to the arts and the proposed Colorado Creative District designation for Crested Butte.

I believe that adjustments to the building footprint and the shuffling of park / playground facilities is the best overall configuration to achieve the optimal needed improvements and upgrades for both uses.

The architectural design of the building maintains a relatively low profile for the desired and necessary facility needs.

Sincerely, Les Choy

**From:** Janae Deverell <janaedeverell@yahoo.com>  
**Sent:** Tuesday, March 31, 2015 8:27 PM  
**To:** Lynelle Stanford  
**Subject:** Center for the Arts Expansion

I would like to submit these comments for public record regarding the Center for the Arts Expansion:

**What most concerns me most about this project is a lack of vision/planning and complete lack of cooperation between the Center for the Arts and the Mt. CB Performing Arts Center.**

Before anything happens to town park, I think that the town of Crested Butte needs to develop a master plan for what recreation and arts amenities we need/want and how we can accommodate those needs within town limits. How many fields do we need and where will they go? Where will a rec center be built? What can we do to accommodate the exploding dance and gymnastics programs? What do community members want most from our arts and recreation programs?

I did not see anything in the plans about why we actually need an expanded art center in town. Two towns within a couple of miles of each other with a total population of less than 3,000 people do not need two large, brand new performing arts centers. I would like to see the two groups working together to find ways to best meet the needs of this community. Neither group has yet to prove to the public why TWO performing arts centers are needed. The center for the arts in town has an amazing opportunity to offer something other than an indoor stage: dance practice rooms, meeting space, Trailhead location, visual arts classrooms, etc. I would like to see a requirement that the art centers work together toward a common vision before the expansion in town park is allowed.

### **Recreation Hub**

I would like to see the Council explore the possibility of Town Park remaining/becoming the recreation hub of town. Amenities could be expanded to include dance rooms, rock wall, gymnastics space, etc. Town park would be a perfect location for a rec center so that all recreation facilities could be located in a central spot.

### **Cost**

I do not believe that the town should be responsible for paying to relocate many parks amenities so that the Center can expand.

### **Parking**

Expanding the size of the Center requires that town address the parking situation. Expecting that people will park along 7th street is unsafe for residents and/or the large amounts of children in Town Park. It is also unfair to the residents who live in that neighborhood. Town has been collecting an enormous amount of money for "parking fees" for years. It's time to take that huge sum of money and actually spend it on parking. Maybe a parking garage at the 4 way?

### **Sidewalks**

A new park should have more pedestrian access, particularly along 7th street. The long term safety of the kids in the park depends on it. Any building should be set back enough to allow for ample summer and winter pedestrian access along a 7th street corridor.

### **Park Space**

I do not feel that giving up valuable and well-used park space in the middle of town for a giant building is an appropriate use of that space. Maybe the Rec Center should pursue other locations, perhaps behind the school?

### **Building Size**

I believe that the building size is too large for that space, too close to 7th street, and will be an eye sore to people who live in that neighborhood. If anything, the building should be moved West on the property to not block the precious sunlight from the neighborhoods to the East.

### **Field Relocation**

Relocating a field seems like an inappropriate use of resources/ money.

Thank you.

-Janae Pritchett

**Subject:** Center For The Arts Expansion Proposal

Dear Mayor Huckstep,

As a town resident and past multi-year lead sponsor of Alpenglow, I have numerous comments about the recent proposal for the Center For The Arts and adjacent public lands.

Honestly, I was unable to find one positive redeeming aspect of the proposal.

First, since the entire Town Park is public lands, I feel that Town Council should be leading the effort to redevelop the entire park. I believe that Town Council should be specifying what needs to be on that parcel of public land and how big those facilities should be. For example, what is the correct seating capacity of a stage-venue on our public land? Considering that every event I've attended over the past three years has been over-sold with people sitting in the aisles, the seating capacity needs to be about double the current capacity.

Second, any proposal should start with and account for any future round-about at Red Lady Avenue & 7th Street, even if 10 years in the future. Also, all the items in town park should be considered removable, including the Stepping Stones day care buildings. Only then can we see what land is truly available for redevelopment. If we are considering clearing the buildings off this large piece of public land, how else could it be used? What about putting a Rec Center there for example? Everything is fair game.

Third, with this blank slate, Town Council needs to take the lead to figure out the parking situation around the Town Park in light of the specifications. For example, if we are going to have a theater venue that should hold 450 seats, how much parking do we need and how is it accommodated on- and off- the park lands. Should the Town Of Crested Butte

use some of the town parking funds to purchase the old Crested Butte Academy land to use as a parking lot for the venue? That seems like a natural since its right across the street of the historical entrance to the Center For The Arts. Also, with the entrance on the west side, it is unreasonable to consider 7th Street as a parking option during the winter. Most people will still park as close as possible to the west entrance which means illegally on 6th Street as they currently do. Any proposal also needs to factor in adequate bike parking for both inside and outside events.

Fourth, should our public parklands be used for non-profit office space, non-profit dance studios, The Trailhead Museum and the Stepping Stones daycare? That sounds like an unfair subsidization using my tax dollars for only certain non-profit organizations. Wouldn't it make better utilization of public parks and be more fair to other non-profits if office space, dance studios, museums and daycares were not on public park land and moved to sections of town more appropriately zoned, such as Belleview Avenue / Red Lady?

Fifth, if Town Council determines that the public lands should be used for soccer fields AND an eastern-entrance-building that would house dance studios & The Trailhead Museum, there would be huge after-school traffic conflicts along 7th Street on a daily basis. This was certainly not considered in the recent traffic analysis reports. The 7th Street parking should be left to the park fields and the only venue building entrance should be on the western side (along with adequate aforementioned parking on that side).

Personally, I'd rather see no changes to the current facility and public lands, than see the recent expansion proposal enacted.

Regards,

Jamie Walton

Huck,

Monica Ariowitsch here.

I fully support the CFTA expansion plan the Center has put forth; I believe it is obvious that there is a need for increased space, and the many activities under one roof will enhance community connections. It seems to me that the softball and soccer fields will be improved albeit in new locations!! Change can be a bit awkward for people; this proposal will not be an eyesore but on the contrary, it will be a marvelous entryway surrounded by green space.

Thanks!

**Subject:** Letter in support of the Center for the Arts proposal

Dear Huck and Council,

I moved to town the year that the bank put on an all-town free picnic celebrating the new arts center in the renovated maintenance building. It was the culmination of so many residents donating money to make this dream happen along with the Crested Butte State Bank matching the amount. It has served the community well all of these years, but we have grown in the intervening years and have a need for an arts center with expanded capacity. We need to have the foresight to build with our next generation in mind.

Not only have Allen and I enjoyed performances of all kinds from opera to comedy and local dance recitals, but I have appreciated the variety of art classes I have been able to take over the years. Often these have been in makeshift areas such as the lobby or stage without easy access to water sources or storage facilities and numbers in the classes have been limited.

For several years they have had to have classes off the premises.

A bonus will certainly be to have enhanced sports facilities for all of our very active sports enthusiasts who also don't have enough playing space.

Please carefully consider comments from a broad range of community members, many of whom have no idea of your impending vote and the importance of speaking up at this time.

Yours sincerely,

Judy Cox

**From:** John Hess <johnthehess@crestedbutte.net>  
**Sent:** Monday, March 30, 2015 7:52 PM  
**To:** Lynelle Stanford  
**Subject:** park plan

My thoughts on the proposed park plan:

1. It seems to me we should be building upon what we have, not taking out everything and rebuilding it. (Sounds like CBAR all over again, 10 years later)
2. I think the money could be better spent on a lot of things: building the bike path through the gravel pit, maintaining our buildings, retrofitting our buildings to be a lot more energy efficient, feeding the hungry in Gunnison County, etc.
3. Is it really necessary to be building such a huge Center for the Arts? Do we really need all that space in the Town Park, or could some of that building space be located elsewhere, and not in a park?
4. I think Pitsker Field, in its current location, is important to this community.
5. Once the three story new affordable housing gets built and the three story 6<sup>th</sup> St. Station gets built there will be few places along 6<sup>th</sup> St. to see the views. Maintain the park for a lot of reason, including views.

**Subject:** NO to Center for the Arts expansion

I give an emphatic "no" to this project. I am under the impression that the Parks & Rec. has a pretty major budget problem as it is, so WHERE is all this money going to come from??? I really feel like you are spending WAY too much money on fluff, and not enough on bread and butter issues (ie affordable RENTAL housing for locals). While I understand that the Center is a bit outdated and could use some upgrades, this is ridiculous. Not to mention that it is going to suck up the bulk of the town's biggest green space. I can't believe you would even entertain the idea of moving all of these fields. Seriously, Jennie Birnie is out to lunch. Is the Center going to pay for all that? I doubt it. And there is a big new arts center going in in Mt. CB already- are we going to try to compete with them? Why can't we try to work with them instead? Please do not approve this project!

Regards,  
Allison Kateley

Town Council, Town Staff and Mayor

RE: Arts Center Expansion

Our family has lived in the 700 block of White Rock adjacent to existing arts center and park for over 30 years. We have seen the evolution of the park and the arts center over these years. The Park is an extremely important amenity to our neighborhood. Over the past couple of years ago we have discussed our concern of losing parts of the park to any expansion of the arts center. The board members repetitively assured us NO part of the existing park would be compromised.

We have several concerns about the published plans for the new Arts Center in the paper this week:

1/ Pitsker Field is one of the most well know town icons and historical structures on the east side of town. The loss of the ball field is not an option in our opinion.

2/ Parking for the park and the Arts Center has steadily become more and more of a problem. The new plan does nothing to address this, in fact it takes away existing parking. The Idea of making parking spaces along 7<sup>th</sup> street only pushes parking into the adjacent neighborhood and creates more congestion, worsening the existing problem during events in the arts center. The town requires any new building/business to be accountable for its parking issues. Why is this not a concern or requirement for the Arts Center? The traffic congestion and parking is perhaps one of the greatest problems facing our town in the future with any growth. We feel any expansion of the arts center must address this.

3/ The size of the expanded arts center is a concern for the existing area. We feel this is much too large and will contribute to an overcrowded feeling of this part of town, especially with the new Anthracite Place across the street. We would like to see existing buildings in town such as the school, town hall, etc used for some of the " Classroom and Workshop" space proposed for the new building to allow it to be smaller.

We feel this size of the new building, parking problems, and the loss of amenities within the park make this an untenable proposal.

Perhaps consideration to moving the Arts Centers to a part of town able to accommodate the size of the new building along with parking spaces needs to be looked at again.

Thank you for your consideration,

John and Mary Holder

Also -

"That unsightly fence" is part of the appeal of Crested Butte. I hear tourists/second homeowners say it all the time. They LIKE it that we have a town softball league. They LIKE it that there is a park for everyone to enjoy at the entrance of town. They LIKE seeing kids playing volleyball every single night of the summer in the park.

That "realness" and authenticity of our town is what draws people here.  
They want "Santa Fe"?? Then they will go to Santa Fe.  
They want "Aspen"?? then they will go to Aspen.

They WANT and Crested Butte. As is.

Why the 30,000 square feet, anyway? I think we can tone it down by about 10,000 sq. feet at least.

Thanks again,  
Tricia

Good Day -

The whole town is talking about some designer/architect from SOMEWHERE ELSE who is making derogatory comments about how she wants to "GET RID OF" "THAT UNSIGHTLY FENCE" around Pitsker Field!

I say we "GET RID OF" "HER". How disgusting that she come into this community, make such snobbish remarks about a town landmark.

Yuck.

Ewe.

She should be fired. For that comment alone.

Thanks for your time,  
Tricia Kubisiak

**To:** Lynelle Stanford  
**Subject:** Arts center concerned- please pass on accordingly

I'm writing to express concern over building another arts center in the town of Crested Butte-- while Mount Crested Butte is well on its way for the Biery Witt Center, I believe that Cb is late to the party, and it is not the place to spend money and precious space. It is a waste of resources to build another huge building 2 miles away. I'm frankly disgusted that the town of Crested Butte and Mount Crested Butte can't work together better on issues like this. In addition, Crested Butte is out of land- and this is how we want to spend money and space?

Why can't these two towns work on a joint plan-- one can't exist without the other. I think the town should focus the space and money elsewhere. Maybe spend that money to help the Biery Witt center, and develop some kind of IGA-- work together. There is going to be a need for an elementary school at some point-- would you rather have an elementary school go to CB south, or share a performing arts center and keep schools in town?

Thank you for your time.

Julia Kidd

13 year resident of Crested Butte, teacher at CBCS

Another observation: at Big Mine Park the Town is funding the study and the constituents at least appear to be equal players. Here at Town Park Center for the Arts is in charge and is re-arranging the other constituents to suit their plan. I propose the Town commission a study for Town Park that is more equitable.

We appreciate the Town's sharing this site plan with us, but in addition to the plan it would be useful to add a narrative describing exactly what changes the plan will make to public land.

We believe strongly that the Town should preserve all existing publicly-owned open space. If encroachment must be made on open space, as may perhaps be necessary, then additional open space should be acquired to compensate for the loss. It may be argued that this would be expensive—but on the other hand, why should building projects get land to build on without paying anything for it?

RE: CFTA Expansion Proposal

I am absolutely thrilled and impressed with the Center for the Arts Expansion Plan proposal. It makes total sense to me and I'm 100% asking for Town Council approval.

Heads turn to the Park rather than to businesses on the opposite side. What do we see? This first impression is important. Anyone who enters our town can't miss seeing our citizens packing the premises, cheering on teams, hugging friends, dancing to music, biking, adoring their children, and noting the pleasant life Buttiens lead. But they see a CFTA that sorely needs a "re do"! How about making this an amazing facility not just a cosmetic quickie? Let's make a glorious green space. The Expansion Plan is a once in a lifetime opportunity to make the entrance to CB more grand and uplifting, so our visitors will depart feeling something extraordinary has touched their lives, too.

The new expansion plan is awesome in that it IMPROVES everything we can see and do in the Town Park! How can anyone be against this kind of thoughtful growth? To move sports fields over to Rainbow Park is a brilliant idea as that park, too becomes even more fun and useful with stunning views. Doing that makes traffic less and parking more sensible. Really? At last a full blown softball field, hooray! New soccer fields, UPGRADES, wonderful! The fact that the Alpenglows concerts will have a larger seating area is a stroke of genius. New bathrooms, oh yes! This Expansion Plan does not disrupt or degrade the continued playground enjoyment, family fun, public facilities or green spaces in any negative way. It only makes it better and wow, does CB deserve better! We are more than Ready for this Facelift.

The Center for the Arts - a most precious, truly a "Town Jewel", has contributed consistent excellence and brought a sterling Cultural elements to our gentle home. Any town that cultivates the cultural education of its citizens has discovered an elegance and incredibly bright, creative children. Improving the footprint of Town Park and the CFTA is a way of taking care of our own. It shows the world that we care, reflects our best side. A strong CFTA is ESSENTIAL to our beloved CB. Give it your support.

To upgrade the CFTA and Town Park at the entrance of CB is a MUST DO project. It nourishes the heart of our people and brings us Pride that makes for a GREAT Small Town not just a pretty cool village image. The planned improvements are greatly needed for the quality of all ongoing and new events.

The Expansion Plan is not ugly, outrageous, over the top, too grand, too loud or big; THIS PLAN is SMART! It's BEAUTIFUL and harmonious. It enhances the POSITIVE Image we want for our community and visitors.

I'm giving Town Council my nod to APPROVE IT!

Huck,

Monica Ariowitsch here.

I fully support the CFTA expansion plan the Center has put forth; I believe it is obvious that there is a need for increased space, and the many activities under one roof will enhance community connections.

It seems to me that the softball and soccer fields will be improved albeit in new locations!! Change can be a bit awkward for people; this proposal will not be an eyesore but on the contrary, it will be a marvelous entryway surrounded by green space.

Thanks!  
Monica

Hi Mr.Huck

We desperately need a new Center for Arts. Along with always being squished into the old building, the creativity in this town is bursting at the seams. This current building is outdated, not to mention, its kind of ugly and the entrance to our town at the 4-way is already really ugly!! A new Center for Arts would improve visitors first impressions! First impressions are huge.

But again, Crested Butte is absolutely exploding with creative arts and that's what we need to be known for!!! Have you EVER seen so many creative people in one town?

Lets Please build a beautiful new Center for Arts. It's what we're about!!!

Thank you

Teresa Cesario

**To:** Lynelle Stanford  
**Subject:** Center for the Arts Expansion

To Whom it May Concern:

As a resident and property owner of the Gunnison Valley for nearly a decade, I strongly support the proposed expansion of the Center for the Arts! I believe the Center is one of the valley's greatest man-made assets, but unfortunately is not nearly large enough to meet the current demand. Any time there is a good show it sells out and often ticket prices are very high in order to pay the artists with a very limited number of seats for sale. A larger venue would provide the space for everyone who wants to see a show, could lower ticket prices and would attract bigger artists to the valley.

Thank You for your time,

Jeremy Johndrow

Hello,  
I would like to send my support of the proposed expansion of the Center for the Arts. I am not a writer nor politician, but I am an artist in this town and have seen, in the 3+ years I've lived in Crested Butte, an amazing interest and expansion of the arts. There is a dire need for more artist space as the demand is greater and greater for not only classes but space to showcase all the wonderful talent in this town. I speak from experience as I have given many classes in cramped spaces that could potentially have been filled with more creative bodies but space was too limited. I have also had shows at the Piper Gallery and the art center studio, and space is not only limited but not specifically conducive to traffic flow for artists.  
Thank you hearing me out!  
Becky Chappell

Rainbow Park is a brilliant idea as that park, too becomes even more fun and useful with stunning views. Doing that makes traffic less and parking more sensible. Really? Mayor Huckstep-

Just a quick email in support of the new Crested Butte Center for the Arts.

To let you know who we are, Trilby and I own three houses in Crested Butte. We pay Crested Butte property taxes and also sales taxes as we rent two houses short term. We live in North Carolina full time so we get to vote on NOTHING in our beloved Crested Butte. We rely on folks like you to make wise decisions for our town. (As an aside, we supported Whatever USA as it introduced thousands to Crested Butte who would have otherwise never heard of us.) We ask you and the council to take a positive stand for the new center.

Trilby and I support ethical and appropriate development in Crested Butte that is good for the long term. To us, the new Center for the Arts meets this criteria.

Sincerely,

Trilby Carriker & Z. Miller

Dear Crested Butte Town Council,

Writing as a private individual, I support the plans for the new Arts Center. It is exciting that we have a group of individuals who are dedicated to improving an important, public space. We should support them in their efforts. I value living in this community because it is vibrant and offers opportunities for discovery and growth. A vital arts scene is an important part of having a dynamic community. While change is always a challenge, they have put a great deal of thought into the site plan. So I encourage the Council to support the project.

Hi Wynn,

Thank you for your email and for sharing your thoughts regarding the proposed Center for the Arts. I am copying Town Clerk Lynelle Stanford on this email so that your comments can become part of the Council's record on this matter. I appreciate your input and will make sure Council receives a copy of your email before the April 6 meeting.

Best Regards,

Aaron J. Huckstep

**Subject:** Downtown Center for Performing Arts

Dear Huck,

My husband and I are from Ohio and also have a home in CB. We love hiking, biking, skiing and the other outdoor activities CB has to offer.

In the evening, especially in the summer, it's nice to enjoy some entertainment in a nice environment. The old performing arts center is ok but not great. Having an up to date art center with educational facilities is something we would love to see in CB.

Improving the outward appearance with enhanced green space is something that creates a good first and last impression for visitors.

With an improved facility, more artists will be attracted to our upgraded state of the art venue which in turn will be a bigger draw for tourists.

I support a new downtown performing arts center and hope the town council will approve this step into the future.

Sincerely,  
Wynn Adam

**Subject:** Center for the Arts Building

Dear Mayor:

We are writing in support of the proposed plans for the new Center for the Arts complex. Our current center has served the town long and well, but it is terribly inadequate and outdated. Attending events in the small, cramped auditorium is uncomfortable and uninviting, and the restroom facilities are woefully too small. The center is used by so many groups in the community, and attended by so many visitors. It is time to move forward with the new design.

Thank you,  
Bill and Margie Abraham

**Subject:** Support Letter For The Center For The Arts Proposal

Huck,

This letter is in support of the Center For The Arts Proposal for the new building and the associated upgrade in the park including movement of the softball field to Rainbow Park. This recommendation is based upon the following rationale:

1. The new design will revitalize the town park providing new improved sports facilities including soccer fields and a regulation size softball field and enhanced comprehensive arts programming.
2. The revitalized park will make a very positive impact to the entrance to town with increased and enhanced green space and an iconic building.
3. The new Center For The Arts provides a huge bonus to both fulltime and parttime residents and visitors by offering enhanced programming for children and adults through art classes, music classes, dance classes, and an improved Alpenglow and performance experience for all involved. Locals, part timers and visitors will have new facilities for themselves, their children and grandchildren and will have programming to participate in the arts including learn to paint, throw pottery, dance, and take music lessons along with appreciate enhanced art performances.
4. Generations to come will appreciate the vision of the town council and town planners in planning for quality growth of sports and arts programming and by providing a beautiful enhanced entrance to town.

5. The proposed plan was developed by a independent town planner who concluded that the new town park and amenities would be a significant enhancement to the town. Although there will be short term disruption, in a very short while when the upgrade is completed, everyone will be able to appreciate the facility for years to come.

6. Crested Butte is known as a recreation capital by both residents and visitors and this project is significant in terms of contribution to future financial viability for the town.

7. This upgrade contributes significantly to the drive for the Creative Arts Districts project which is an economic driver to future financial viability for the town.

8. The proposal will allow the current center to continue to operate while the new building is being built allowing many programs to continue without interruption.

We strongly encourage you and the town council to support the proposal at the upcoming town council meeting.

Best Regards,

Mayor Huckabee:

We support the Center for the Arts and all it does for the community. As Skyland owners we seldom venture in the evenings to Mt. CB but focus on CB, the centers performances, Alpenglow and the towns dining options. The proposed new art and sports layout would be yet another positive statement for a town dedicated to local citizens, their families and we the second homeowners who consider ourselves vested and welcome friends. We are not supporting Mt. CB's art and entertainment push....we will support and do urge our other friends to support your new and local friendly plan both financially and with our continued volunteer hours.

Sincerely,  
Rob and Marilyn Gentry  
Dallas and CB

**Subject:** Center for the arts expansion

Hello All,

I wanted to let you know personally that I am a vehement proponent of the Center for the Arts expansion. The Center and its partners are a huge economic boon (~\$3M/year) and a vital part of our community, as is the adjacent park space. As a soccer coach for CB U8 program, I understand that we're pushing the limits on field capacity with our number of participants. I also understand that all of our sports fields are currently undersized to industry standards. Therefore, I absolutely support the proper planning of all of the town's park spaces to accommodate ALL sports, as we move into the next decades of expected growth.

As a business owner in town and the father of young children, I plan to continue operating my business and raising my family here in Crested Butte. I absolutely support changes that benefit our growing community, like the center expansion, and am not sentimental about a particular ball/soccer field location as long as we continue to have them, and we now have a chance for them to be the proper size.

Thank you for your consideration of my position in these matters.

Best regards,  
Eric Naughton

**Sent:** Wednesday, April 01, 2015 3:57 PM  
**To:** Lynelle Stanford  
**Subject:** Center For The Arts

Hello,

I just wanted to comment. I have always enjoyed seeing the green space there upon arrival to town. It's what this town is all about. Green space. I think it would great if both Mt. Crested Butte and the Town could work together as they have in the past with the fireworks during 4th of July. I do not think this valley needs 2 large Center for the Arts. It is just not a big enough valley.

If the Center does have to expand then I believe it should be relocated to a different space. The gravel pit out by the school could be a good spot. The Center has indoor activities, so why not put it in a less desired place.

Please do not expand the Center at the cost of removing our parks and outdoor recreation areas. Those are the heart of town.

Thank you for letting locals give their opinions on the matter.

Sincerely,

Seaton MacMillan

**Sent:** Wednesday, April 01, 2015 5:19 PM  
**To:** Lynelle Stanford  
**Subject:** FW: park plan

Conceptually, I like the plan. Pitsker Field is too small and should be moved. The Center should not continue to be expanded piecemeal. It should have the needs built into a facility that meets our expanding appreciation of the performing arts and a community meeting space. As the town builds-out, there is a growing need for open space where people can picnic, etc. Its unfortunate that there can't be more cooperation between CB and Mt. CB but we can't let barriers that exist stop us from planning for our own needs.

**From:** Crested Butte FPD Administrative Assistant <crestedbuttefpd@gmail.com>  
**Sent:** Wednesday, April 01, 2015 3:34 PM  
**To:** Lynelle Stanford  
**Subject:** Center for the Arts expansion in Town Park. - Comments

Hi Lynelle,

1. I will not support any thing town wants to expand, change, send money on until the intersection at Red Lady and HWY 135 has been improved. It is the most unsafe intersection that I have ever seen. Even the dear lady who stands out there to protect the kids with her sign is in danger as well. This should be Towns #1 priority. If town asks to vote on any increase for any departments like park and rec improvements I will always vote NO until that intersection is safe. Enough said.
2. where is all the money coming form to rip up town park and change the look entirely? I think our park is great and yes money could be sent on making some landscaping improvements however the plans in the paper show no side walks, everything is being moved and the way Jana says picking up a field and moving it is a big deal and cost a lot of money. Does Town have money like this?
3. I don't think we need to huge art centers in our District. Once again town and mt crested Butte do not play well in the sand box together.
4. Better Bath rooms would be great. Speaking of bathroom...our town has terrible bath rooms. I went to go wash my hands at the chamber and no soap no had sanitizer... oh running water but no paper towels. I found that to be pretty pathetic, I had picked up some trash off the street and wanted to wash my hands and needed more than just water. we are not a classy town!
5. I feel this town is being dominated by cars. As I ride around town, we we certainly have a congestion problem. Town needs more side walks on the residential streets, especially 7th street. I realize there are some complication with snow removal and not sure how that would work.
6. Who is Bishop...seams like they are from a big city with big city ideas. I do not like a lot of their ideas.
7. I do like the drop off Ideas in front of the center
8. The school parking lot could be a good idea for overflow parking but once again that intersection is TERRIBLE

9. Seventh Street is not a good road to invite any more parking or more cars. the east side is all residential. I agree with Chris Ladoulis "I don't see Seventh Street being the first choice for parking. Use the empty lot where the Academy use to be?! 7th street needs a side walk from butte ave all the way to stepping stones to connect with CBCS

10. Moving Pitsker Field sounds like a lot and a lot of money and more money.

11. Schmidt has some good logical thinking and Bishop to me does not...Seams they want to send a lot of money on everything

12. Moving Stepping Stones...Where would they go? Stepping Stones is in a great location for the kids and teachers to get them where they need to go with out using personal transportation. The School uses the bus system a ton for activities as well as walking to activities in town. That new annexation is a bad idea.

13. I think the center should just expand to where the basket ball courts are. Find parking across the street on the west side of 6th street

14. More Sidewalks...More more more. Town is getting jam packed and pedestrians, bikers and cars are having a hard time working it out!

15. That un-used space to the west of the unfinished tennis courts could be utilized so much better. Spend money there to make that look nice with picnic tables...something. Town allows those food carts there...make it nicer for them and the folks that are supporting them. That space needs a face lift.

16. I think that marshals should pull cars over more and give out a lot more speeding tickets, so the community and the visitors know that you just don't speed in town. Just like that stretch of road after you get off Monarch heading to Buna Vista. You know not to speed there otherwise you will get a speeding ticket. Town's business district is actually pretty small compared to the residential area. In my 20 years living in the valley I have never seen it so bad. People are not driving the speed limit and being more favorable to cars is not the image of Crested Butte. Yerman even said it..."the primary goal is to keep Crested Butte a pedestrian and bike oriented community" I 100% agree...That is why I fell in love with this place.

17. Remember, our town is only so big. Can not fit 10 lbs of crap in a 5 lb bag. This is what the design to me looks like.

The only thing right now that I truly support is the Red Lady and HWY 135 intersection and more pedestrian sidewalks around town.

Thanks for letting me email you my comments.

**Subject:** Center for the Arts proposal

Dear Town Council members,

I could write a few thoughts on the proposed Center for the Arts expansion plan, but I would rather attend a public meeting where people could see a presentation and express themselves in a public venue, rather than by email. I'd like to know the alternatives, if any, to what has been proposed, before weighing in.

I'd also like this to be considered in light of the proposed annexation, so as not to piecemeal projects of such magnitude.

I see that this is on the agenda for April 6, so see you then.

Thanks,  
Sue Navy

**Subject:** Support for Expansion of the Center for the Arts

Hello Huck,

I support the Center of the Arts expansion!

As the arts continue to be a growing economic driver in Crested Butte and in the Gunnison valley, the Center for the Arts, after expansion, will play a more central role. It is crucial to have up- to- date facilities to house all aspects of the arts, from studio to rehearsal to performance and gallery spaces.

As a long- term resident and professional artist, I am excited to see the arts scene growing for locals and tourists alike. Currently, the arts are strongly enriching, uniting and building the communities of Crested Butte and Gunnison. I believe that the Center's expansion is an important component for this to continue.

Thanks to all of you for your support of the arts and continued work on the goal of making Crested Butte a Colorado Creative District,

Sincerely,

Carol Connor

Hi Annie,

Thank you for your email and for sharing your thoughts regarding the proposed Center for the Arts. I am copying Town Clerk Lynelle Stanford on this email so that your comments can become part of the Council's record on this matter. I appreciate your input and will make sure Council receives a copy of your email before the April 6 meeting.

Best Regards,

Aaron J. Huckstep ("Huck")  
Mayor, Town of Crested Butte  
Direct: (970) 349-2009  
Town Hall: (970) 349-5338

**Subject:** Center for the Arts Expansion

Hi Huck and the rest of the Council!

I'm writing in support of the Center for the Arts expansion. It is my belief that as our town continues to grow, growth of our facilities is a necessity. Additionally, housing so many non-profit organizations that bring wonderful services and programs to locals and visitors alike is a massive benefit to the community.

As the Administrative Coordinator for the Crested Butte School of Dance, I can attest to the fact that we are in constant limbo and flux looking for dance space to accommodate our increasing number of student dancers. Having two dedicated studio spaces, a multipurpose room and stage space in the proposed plans for the CFTA is a necessity for our continued growth as an organization.

As far as the proposal as outlined in the paper I'm in full agreement. Pitsker Field is too small and honestly a potential hazard for pedestrians and vehicular traffic as balls are frequently flying over the fence. I also feel that having such a large expanse of green space at the entrance to town will be attractive and mitigate the feel of the size of the building.

The only concerns I see are parking and my personal feelings that the building should be LEED certified and have solar panels as part of the design to offset energy use~ yep, the hippie in me. I'm in favor of "smart growth". Let's be thoughtful and forward thinking and remember the only constant is change.

Thanks for your time and consideration.

Annie Tunkey

**Subject:** Proposal for The Center for the Arts and Town Parks

Dear Mayor Huck and Town Council,

I have read in the paper of the ideas put forth for the Center or the Arts and Town Parks. I support the ideas put forth as the Center for the Arts is a good focal point near the entrance to town. I hope that you will bear in mind the importance of open spaces around The Center and near the entrance to town. We need all the open space we can maintain in that area to offset the effect of the affordable housing project at the entrance to town, which I think is a very bad idea! Cheers!

Respectfully,

**Doug Kroft**

RE: EIAF 07697 - Crested Butte Affordable Housing Infrastructure Phase II

Dear Mayor Huckstep:

The Department of Local Affairs is in receipt of your application for state Energy and Mineral Impact Assistance funds. These revenues are derived from oil, gas, carbon dioxide, coal and metals extracted in Colorado.

Your project was reviewed based on a variety of factors such as its connection to energy impact, degree of need, measurable outcomes, amount of request, relationship to community goals, level of local match and community support, management capacity and readiness to go.

Congratulations! After thorough review, I am excited to offer a grant award in the amount of \$150,000. These grant funds will be from state severance tax proceeds, which may cause you to go to election to receive and spend these funds. You should confer with your legal and budget advisors to determine if such an election is necessary.

Please contact your DOLA Regional Manager, Elyse Ackerman-Casselberry, at (970) 248-7333 for information on how to proceed. As you know, no state funds or matching funds can be obligated before a grant contract is fully executed. Expenditure of any funds prior to the contract being fully executed cannot be included in the contract budget or reimbursed by the state. Consult your regional manager prior to expending any funds. Per our program guidelines this offer is valid for one year from the date of this letter.

I wish you success with your project.

Sincerely,

Reeves Brown  
Executive Director

cc: State Senator Kerry Donovan  
State Representative Millie Hamner  
Michael, Yerman, Town Planner  
Elyse Ackerman-Casselberry, DOLA

Hello Aaron,

March 10

Congratulations to you and the town on your grant award of 150,000 (!) from the Dept. of Local Affairs. Please let me know if I can be of any help. Regards,  (pls share my congratulations)
